## REPORT IN STUDENT RIOT

### LEGION BITTERLY ASSAILS SAWYER DESPITE PROTEST

(BY A. P. NIGHT WIRE.)  
NEW ORLEANS, Oct. 19.—The American Legion, after a session in which a resolution was adopted severely castigating Gen. Sawyer, in spite of the protest of the legion's hospitalization commissioner, A. A. Sprague, tonight entertained Gen. Pershing and made last-minute preparations for the contest tomorrow for the election of national officers.

### CHIEF ISSUE IN OHIO IS WINE, BEER

(BY FRIDERIC WILLIAM WILE.)  
CLEVELAND, (Ohio) Oct. 19.—If abundant confidence means anything in politics, Ohio is going Democratic on November 7. If the studied refusal of Republican leaders to foreshadow events is symptomatic, they believe in their hearts that the Democratic hopes are well grounded. The Republican management is at least behaving as if it considered the outlook dangerous.

That would seem to be the explanation of its eleventh hour decision to "start" the League of Nations as the issue around which to rally voters should rally to the support of Republican candidates for Congress and State offices. This week Ohio will be embroiled with an official G.O.P. pronouncement reading as follows:

"In a solemn referendum of the people on Nov. 7, 1928, the League of Nations was regulated by more than 1,000,000 votes. Former President Wilson and his associates still advocate the entrance of the United States into the League of Nations. Former Democratic candidate for President, James M. Cox, says the League of Nations will be the issue in 1928."

"Justice Clark, Democrat, resigned from the Supreme court to devote his time to advocacy of the United States entrance into the League of Nations. In November, in a vote for the Wilson-Clark-Cox policy, the League of Nations will be the issue in 1928."

"A vote for the Republican ticket is a vote for the Harding policy of peace and non-articipation in European intrigues and wars. Democrats assert the order to sound the alarm came from the Washington last week. Whatever its origin, Republican candidates and speakers everywhere in Ohio now are leading the League of Nations—the writer heard Carmel A. Thompson do so at Akron last night, where the Republican nominee for governor spoke from the same platform as Postmaster Gen. Work. Mr. Thompson assured his audience that if America were in the League, 'American soldiers and sailors would now be in Asia fighting the blood-thirsty Turk.' He added that the only reason the world wanted the United States in the League of Nations was to get hold of some more of our money." The official argument the Republicans are using was then refuted by Mr. Thompson in these terms:

"The Democratic scheme is plain. They're not going to try to put us into the League this year. Oh, no! Their game is to capture Congress in 1932 and then to put us into the League."

(Continued on Third Page)

### ARMY MEN ARRESTED IN MURDER

(BY A. P. NIGHT WIRE.)  
NEW YORK, Oct. 19.—Federal Judge Learned Hand late today issued a warrant for Capt. Robert Rosenbluth, who was arrested here on a warrant for his removal to Tacoma, Wash., to face an indictment charging him with complicity in the murder of Maj. Alexander P. Cronkhite in Camp Lewis, Wash. Judge Hand said the present indictment was more serious than the one which was first arrested in 1921.

Rosenbluth surrendered to the authorities today and was arraigned before United States Commissioner Hitchcock. The commissioner granted a stay of one week in the proceedings for his removal to Tacoma for trial on the indictment returned on Oct. 11 last. He declared, however, that he had no authority to fix bail in a murder case and sent the matter before Judge Hand.

FIGHTS REMOVAL  
Jonah J. Goldstein, Rosenbluth's counsel, said he would fight removal proceedings and would ask for a writ of habeas corpus if his fight were unavailing. The complaint on which Rosenbluth was arrested charged him with having wilfully and maliciously assaulted Maj. Cronkhite and with having commanded Pothier to kill him. The original case against the two men was dropped when Atty.-Gen. Daugherty, after investigation of the evidence, declared it insufficient to warrant prosecution.

In prepared statements issued today by Rosenbluth and his counsel, it was declared that "this unwarranted indictment is an effort to remove the case as part of the impeachment proceedings instituted against Atty.-Gen. Daugherty and to block a Congressional inquiry as requested by the Veterans of Foreign Wars."

STATE THREW CASE OUT  
Rosenbluth explained that Atty.-Gen. Daugherty, after ordering his release after a long fight, had declared that he had no jurisdiction and had ordered the case transferred to the legal authorities of the State of Washington, who, Rosenbluth said, "threw out the case."

Rosenbluth then tried, his statement continued, to get the Attorney-General to investigate the charges and appealed to Congress for an inquiry and to the Veterans of Foreign Wars for aid. While these steps were in progress, Rosenbluth said, Atty.-Gen. Daugherty took hold of the original charge and ordered that an indictment be procured. Rosenbluth also charged that there had been irregularities in the calling of witnesses in the Tacoma proceedings which led to the indictment.

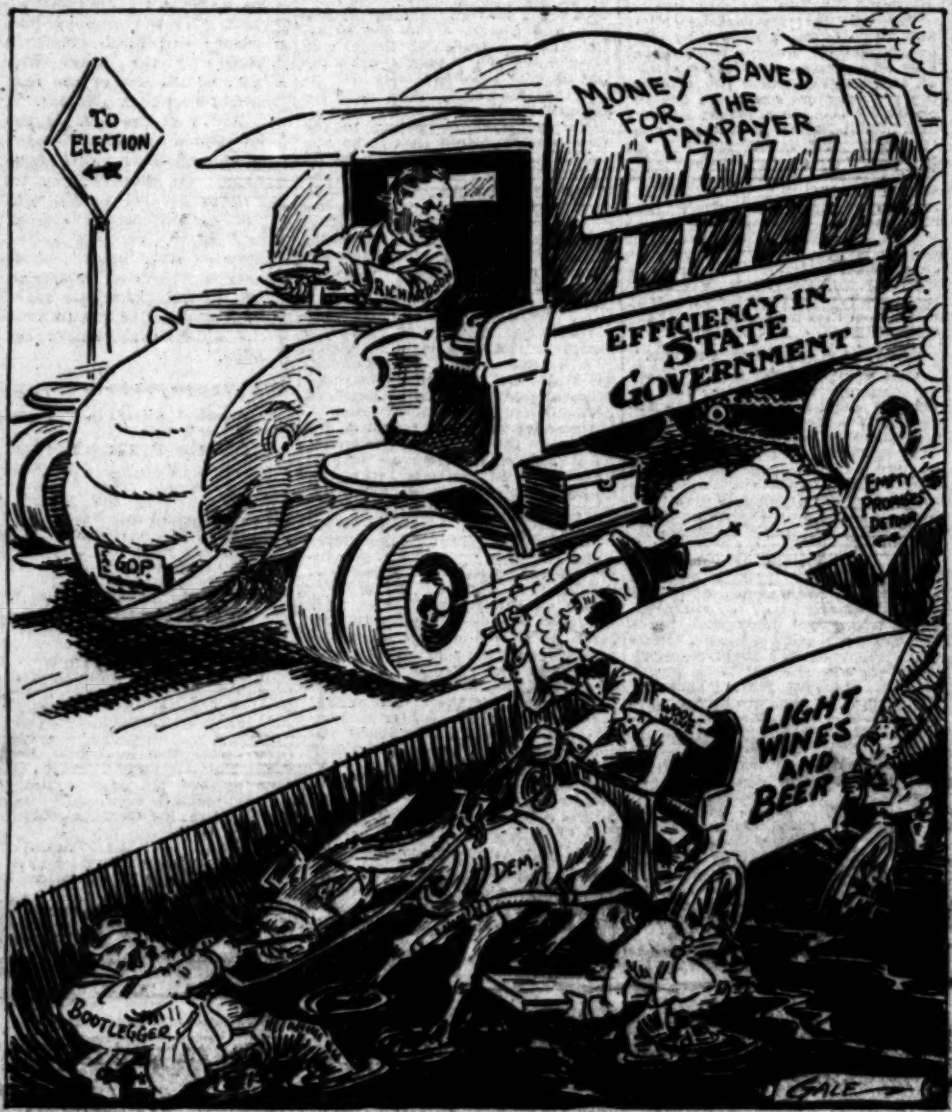

POTHIER ALSO ARRESTED  
(BY A. P. NIGHT WIRE.)  
PROVIDENCE, (R. I.) Oct. 19.—Roland R. Pothier, former Army sergeant, arrested in Central Falls this afternoon on a first-degree murder charge in connection with the killing of Maj. Alexander P. Cronkhite at Camp Lewis, Wash., Oct. 21, 1918, was committed to jail late today without bond and tomorrow will be brought before Federal Judge Arthur Brown on removal proceedings. An offense of murder is punishable under Federal procedure and counsel for Pothier is expected to ask Judge Brown to fix bail for the prisoner's release here, pending trial in Tacoma. Judge Brown, if he does fix bail, is expected to make the amount of surety so high that it will be impossible for the defendant to obtain bond. In default of bail before the court, Pothier would be immediately sent to Tacoma.

EXPECTS TO TESTIFY  
(BY A. P. NIGHT WIRE.)  
TACOMA, (Wash.) Oct. 19.—Federal officials, when informed today that Robert Rosenbluth and Roland Pothier had been arrested in the East charged with the murder of Maj. Alexander Cronkhite at Camp Lewis in 1918, refused to comment.

The men are expected to be formally arraigned here within a week. The trial will bring out the evidence from witnesses of the killing and from surgical and small arms experts which convinced the grand jury here that Maj. Cronkhite was murdered instead of expiring of a bullet from his own pistol, as the Army investigators declared at the time.

Hold-up Attempt Fails  
Robert Gould of 621 East Forty-eighth street, a driver for the Yellow Taxi Company, reported to the police early this morning that late last night at 317 East Fifth street he had picked up two men passengers who asked him to drive them to 3166 South San Pedro street. Gould says that when he arrived in the locality the men got out of the taxi and pointed a revolver at him and told him to hold up his hands. Gould says he stepped on the accelerator of his car and got away before the man had an opportunity to shoot.

### NEW PARTY LOOMING IN BRITAIN WITH LLOYD GEORGE AS CHIEF

Plans Great "National" Campaign; Cry of "Judas" and Hoots Flung at Coalition Loyalists

(BY JOHN STEELE.)  
(EXCLUSIVE DISPATCH.)  
LONDON, Oct. 19.—Andrew Bonar Law visited King George in Buckingham Palace tonight. The King invited Mr. Bonar Law to form a government. Mr. Bonar Law reserved decision pending the meeting of the Unionists Sunday or Monday.

LONDON, Oct. 19.—Prime Minister Lloyd George has resigned and with him the whole Cabinet. He took the step this afternoon after a day of exciting events in which his whole plan was upset, not by politicians but by the people. At 4 o'clock this afternoon he went to see King George, who had been summoned to London post-haste from Sandringham, his country home at Norfolk, handed in his resignation and advised the King to send for Andrew Bonar Law, who will doubtless accept the office and form a purely Conservative government. The event which caused the final debacle was the Newport Monmouthshire bye-election. This was a three-cornered contest, in which a Tory, Liberal and Labour man were running. Even late last night the Tories conceded the election to Labour, but when the vote was counted, it was found that the Tory had won by over 2000 majority. After that events moved fast. The news reached London at 1 o'clock this morning and an immediate meeting of the Tory leaders was held, at which plans for a meeting this morning at Carlton Club were recast. It had been decided to support Austen Chamberlain in maintaining the coalition and allowing Mr. Lloyd George to choose his own time for a general election. The vote was 184 to 87 against the Chamberlain policy of pledging the party to sustain the coalition and in favor of a general election to confirm its course. The meeting was followed by a series of swift events which carried the coalition government into outer darkness. When that events moved fast. The news reached London at 1 o'clock this morning and an immediate meeting of the Tory leaders was held, at which plans for a meeting this morning at Carlton Club were recast. It had been decided to support Austen Chamberlain in maintaining the coalition and allowing Mr. Lloyd George to choose his own time for a general election. The vote was 184 to 87 against the Chamberlain policy of pledging the party to sustain the coalition and in favor of a general election to confirm its course. The meeting was followed by a series of swift events which carried the coalition government into outer darkness.

BONAR LAW SUCCESSOR  
Andrew Bonar Law will put on the Premier's mantle for a short term of office. The King summoned him to Buckingham Palace tonight and invited him to form a new government, which Mr. Bonar Law will undertake, although the state of his health, which compelled him to withdraw from public life a few months ago, makes it a risky venture. Before Mr. Bonar Law can formally accept the Premiership, however, a meeting of the Unionist party must be held to elect a new leader to carry out the policy to be decided by caucus. This meeting will be held within a few days, when Mr. Bonar Law will be chosen.

Between the Carlton Club meeting and Bonar Law's visit to the King, it was a seething afternoon of rumors and of group gatherings among the political factions. Austen Chamberlain first visited the Prime Minister's official residence, as he had been expected, to offer his resignation; several secretaries and the chief coalition-Unionist whip, Lieut. Leslie Wilson, had already informed the newspapers that they had resigned and within two hours Mr. Lloyd George was in possession of the resignations of practically all the members of the Cabinet. He then drove to the palace to tender them to the King. Mr. Lloyd George advised the King that he was resigning.

(Continued on Fifth Page)

### RIVAL BODIES BATTLE WITH GASOLINE, FISTS

Burned by gasoline bombs and maimed by blows on the head and bodies, more than a score of Los Angeles college students were injured, one possibly fatally, early this morning in a riot on the campus of the Southern Branch of the University of Southern California, at Santa Monica and Western Avenues, in which more than 2000 students participated.

The seriously injured:  
Roger Vargas, 18 years old, 1313 West 41st Place, possible spinal fracture. May die.  
Ralph Hermann, 20 years old, 1822 West 22nd street, severe cuts on face.

L. R. Cummings, 19 years old, 1313 West 41st Place, cuts on head.  
Herbert Stalbert, 19 years old, 3621 McClintock street, cuts on head.

Attacking students of the Southern Branch gathered for a football celebration, men from the University of Southern California attempted to burn a woodpile gathered for a "palamero" party, scheduled to be held tomorrow night.

According to the police, more than 500 University of Southern California students attacked with gasoline bombs, rags and bottles saturated or filled with gasoline, with which they attempted to fire the woodpile.

RIOT CALL SOUNDED  
The fight followed. A riot call brought policemen from police stations and more than 100 officers gathered before the scene was quieted.

Succeeding in their endeavor, the University of Southern California men set fire to the woodpile. The glow caused a fire alarm to be sent in and the fire department was sent to the scene.

According to students, who were treated at the Receiving Hospital by Dr. Wallace Dodge, the Southern Branch students were gathering for a football celebration prior to the game with Occidental College next Saturday.

ARRIVED IN AUTOS  
The fight began at about 3 a.m. and lasted for more than a hour. The attacking forces were said to have arrived in automobiles and to have approached from all sides. Clubs, bricks, torches and any other weapon handy were brought into play. It was reported in the pictures that followed, hundreds of the students were said to have been bunched in struggling piles.

Several of the students lay unconscious on the campus when the police ambulances arrived. One student was taken to the Golden State Hospital, and whose name could not be learned at a later hour, was dying from a broken neck. Lieutenant of Detectives Flaten was in charge of the police detachment sent out to the University.

Admits Forty Wives  
(BY A. P. NIGHT WIRE.)  
DAYTON, (O.) Oct. 19.—William L. Jones, 46 years old, negro, says he has no home, told police tonight they say, that he is married to forty women, none of whom is dead or divorced, so far as he knows. Jones, according to his story as related by police, was married in Chicago in 1919, and continued until a short time ago, when his fourth wife was acquired in Chicago. The number of wives he is reported to have been injured, maybe fatally.

Train Engineer Killed  
(BY A. P. NIGHT WIRE.)  
WILLIAMSPORT, (Ind.) Oct. 19.—Charles Smuggie, of Danville, Ill., engineer of Wabash passenger train No. 2, eastbound, was killed and seven other persons injured when the train was derailed at West Lebanon, near here tonight. Those injured included four men, two passengers and a baggage man, the latter being in a serious condition.

Five cars, mail, express, baggage and smoking cars, were burned. Four mail clerks were badly injured, but none of them fatally. The accident occurred when the car was reported to have been injured, maybe fatally.

### WOBBLES COMING SOUTH

Portland to Start I.W.W.'s Toward California After Sensational Round-up in City

(EXCLUSIVE DISPATCH.)  
PORTLAND, Oct. 19.—Demoralized by the sudden and unexpected offensive by the forces of the law, the I.W.W.'s and other revolutionaries gathered in Portland as a result of the longshoremen's strike sought cover today and remained in hiding while police squads combed the railroad yards and the jungles of Wednesday night.

The day passed quietly except for the clanking of the patrol wagon gongs as they carried their loads of undesirable to headquarters. COMING TO CALIFORNIA  
Sixty-five suspects in addition to the 225 arrested last night were rounded up between midnight Wednesday and 6 o'clock tonight. Forty other undesirable, given the choice between a jail term and permanent exile from Portland, chose the latter alternative and leave the city for unknown parts of the south at 6 o'clock tomorrow morning. A detail of police will conduct the unwanted forty to the city limits and see that they are safely headed toward California.

Portland's police headquarters was a scene of activity today while the officials made preparations to defend the city from the horde of I.W.W. wanderers who are ready to descend on it and "show these people how a strike should be run." Seventy-four additional police were sworn in and riot guns were issued and made ready for use. Clerks in the Bertillon rooms continued to check fingerprints and the measurements of suspects brought in, in the wholesale raids

COURT GRINDS ALL DAY  
All day long the municipal court continued to examine the 225 men caught in the raids of the previous night. Over half of these were allowed I.W.W.'s. Those who were residents of the city and who had been working on the docks at the time of the strike were released. The recent arrivals, the trouble-makers who are going to show Portland how a strike should be conducted, were given their choice of the rock pile or leave town, which do you prefer? was the question of the court.

"I'll leave," was the invariable answer. As the result of the court's work, forty men were given liberty. A detail of police will remain on duty at the city's portals to see that none of the forty experiences a change of heart and decides to return.

FRANK—BOY SCOUTS WEAR

**Two Pants MEAN Double Wear**

**Boys' 2-Pants Knicker Suits at \$11.50**

Light, medium and dark shades in durable, well-made knicker suits, each fashioned to suit the demands of the boy in school. The price is unusually attractive.

**Polo Overcoats for Little Boys**

Smart single and double-breasted styles, in belted all-round coats with raglan shoulders and big pockets. Quite the thing in well-dressed circles; ages 2 to 12.

**\$12.50 and \$13.50**

Polk Cloth Caps to match the overcoat—\$1.50 and \$2.00.

**Rock Crusher School Suits**

substantially and stylishly made in black or tan calf; English standard lasts, \$5, \$6 and \$7.

**Garrett & Frank**

4443 Sunset Blvd. or 512

**Weak Spot in Dirigible C-2, Board Reports**

San Antonio, Tex., Oct. 19.—The report of the board of officers which investigated the destruction of the C-2 at Brooks field, Tex., has been completed and started through channels to the Chief of Air Service at Washington. A strong gust of wind, added to a weak spot in the fabric, was the cause of the accident, the board held.

Recommendations as to the future construction of dirigibles to avoid similar accidents also were included in the report.

Photographs taken just before the ship caught fire, while it was hanging on the steel girders of the door, are considered an important part of the report, for they show that the C-2 had been wrecked before the fire started.

**TEMPERANCE WORKERS OPEN STATE MEETING**

San Antonio, Oct. 17.—The Women's Christian Temperance Union here today opened its annual convention at the Hotel El Comodoro. The convention will continue until Friday evening.

Mrs. E. J. Egan referred to the limitation of armaments conference in Washington as "public opinion made articulate." It was brought about, she said, "because the women of every country thought of peace."

The sessions today were devoted to a memorial for the departed members of the union. The officers and directors and delegates to the national convention will be named tomorrow.

**HUSBAND OF SINGER IS GRANTED DIVORCE**

New York, Oct. 19.—Supreme Court Justice Lehman today approved the report of John G. Coffey, referee, recommending that Paul Gordon be granted a divorce from Nora Bayes, musical comedy star.

Gordon's suit was the aftermath of a raid on Miss Bayes' home, when the defendant was alleged to have been found in the company of Spencer Weston, a dancer.

**BEER, LEAGUE, ISSUES IN OHIO**

**Wet Vote Expected to Help Democrats**

**Party Confident of Eleven Congressmen**

**Republicans Scare Women on European Affairs**

(Continued from First Page)

put in the League in 1924. They want the country to repudiate its anti-League vote of two years ago and by the time another election rolls around the Democrats will ask the nation directly to give them a mandate to embroil the United States in Europe's troubles and intrigues.

Mr. Thompson said he was addressing his League talk particularly to "women and mothers." Dr. Simon D. Fess, Republican candidate for the Senate, is stressing the League issue in about the same terms. He claims Ohio women, the great unknown quantity in this year's election, are bitterly aroused over the "Democratic plot" to smuggle the United States into the League.

A three-day canvass of opinion moulding sections of Ohio reveals popular apathy as the factor both parties most fear. Registration in such populous counties as Cuyahoga, of which Cleveland is the center, is uncommonly light. The Democrats complain less of apathy than the Republicans. It is a matter of fact "seethes" with intense opposition to the League, both the Republican national and State administrations. Hostility nationally is directed more against Congress than against the President, because of the revenue and tariff bills. Voters are said to be convinced that the revenue measure specially benefited those with swollen incomes at the expense of those with moderate earnings. The tariff duties on ordinary necessities are so high that the people have got it definitely into their heads that the cost of living is about to be revised heavily upward. Coming at a time when the Republican administration led people to expect reduced prices tending toward "normalcy," the reaction is said to be distinctly unfavorable to the G. O. P. cause.

As to State affairs, Ohio taxes have been heavily increased and burdensome public expense incurred, much beyond anything heretofore known in the history of the State. The Republicans are contrary to custom did not register Gov. Harry Davis, fearing, it is claimed by his adversaries, that vindication of his administration, Mr. Thompson, is endorsing the Davis regime and, according to Democrats, will suffer for his courage when the votes are counted.

Republican big guns will roar all along the Ohio front this week and during the fortnight intervening before election. Secretary Hoover was at Toledo Monday night and Postmaster-General Work at Akron last night. Cabinet members apparently are not flaunting the achievements of the Harding administration. Atty.-Gen. Daugherty is to speak Saturday night at Canton, Senator Pomerene's home town, and perhaps some fighting-singer, along League lines, may be injected into the campaign by him. Mr. Daugherty, veteran of a hundred rough-and-tumble campaigns in Ohio, is accused by Democrats of having mainly inspired the League issue as a "last resort" life-saver for the G. O. P. in the President's State.

**WOMEN'S VOTE IS WORRY**

The women's vote and the eternal prohibition question give leaders of both Ohio parties food for anxious contemplation. Senator Pomerene voted against the anti-franchise amendment because Ohio previously had voted anti-franchise and many women leaders are holding that against him. They are not impressed by his report that he always voted against himself and only opposed the "Constitutional amendment because he felt his duty to act in accordance with his State's publicly expressed mandate. The women, too, may mobilize in force for Fess and against Pomerene because the Democratic Senator has the endorsement of the Anti-Prohibition Association, the foe of the Anti-Saloon League. The Ohio leader of the anti-prohibition forces is Newton D. Baker's Assistant Secretary of War, Benedict Crowell. The vote, not only in Ohio, but throughout the country, are watching eagerly the result of the State's vote on a 2-3 beer amendment. Ohio's electorate is exactly fifty-one per cent rural. If the State therefore plunges for something like real beer on Nov. 7, national wets are ready to herald such a result as upsetting the argument that the "country," as distinct from the "city," is incorrigibly dry. Votes for 2-3 beer are likely to help Pomerene, Dunahy and other Democratic Congressional and State candidates rather than Fess, Thompson and Republican nominees. Hamilton county (Cincinnati) for example, is nominally rock-ribbed Republican territory but it is also smoking wet, and it has a choice this time between a "wet" candidate for the United States Senate and a "dry" Republican.

**POMERENE HAS RECORD**

Here in Cleveland, a thorough industrial citadel, one encounters little inclination to "stand by the President." His reputation is that of an upright citizen, zealous Congressman, capable educator and straight Republican. But since Pomerene for twelve years has been standing up at Washington effectively for Ohio's great business interests, sometimes when he found himself supporting Republican policies, Pomerene has a big reputation in Ohio for answering business men's letters, and answering them not perfunctorily but in the sense of getting things done. Business men remember gratefully his stand on the occasion of the steel strike, his good work with reference to the Federal Reserve Board, and his support of the Harding administration's Washington conference treaties which inspire thousands of Republicans as well as Democrats in affairs to expound Pomerene's cause with enthusiasm. It is unmistakably the factor that is counting most heavily in his favor. Had Theodore Burton, of Cleveland, been the Republican nominee for the Senate, he would

**PRACTICE REAL COMMUNISM**

Sixty Canadian Families Settle Township Under Dominion Banner

(By A. P. NIGHT WIRE.)

NORTH WILKIAM (Ont.) Oct. 19.—(Special Communism, at the same time conforming to the laws of Canada and Ontario, will be the doctrine avowed by each of the sixty families hereabouts who, under the banner of the Dominion, will settle on the Arrow River, in a township owned up today by the Ontario government.

\*\*\*\*\*

have matched and perhaps out-matched Pomerene's strength with the commercial element. Ohio business manifestly thinks it the wrong time to awap Senatorial nominees.

So much can be said with certainty at this outset of the final phase of the Ohio campaign, neither party has an edge. They are thriving on popular discontent with a lot of things, emotions of which the party in power commonly is the victim, especially off-years. Congress, rather than the administration, is bearing the brunt of criticism and doing all that is being done to win the Presidential chair, occupying it, it is not forgotten, in a period of vast economic change and of the personally, as the rank and file of Ohioans think.

He showed well on two recent occasions, Ohio emphasizes. He vetoed the bonus, he enjoined labor lawlessness, and he appointed the Coal-Finding Commission.

Fellow Ohioans are not going to stab Warren G. Harding in the back at this stage. Republican captains aver, and they aver it in terms that compel one to think the strongest arrow in their quiver.

**SENATOR CRITICISES ARMOUR'S GRAIN ACTS**

(By A. P. NIGHT WIRE.)

MORTON (Kan.) Oct. 19.—The refusal of J. Ogden Armour to testify before the Federal Trade Commission in Chicago last week in regard to his grain transactions with the Chicago Board of Trade, has been taken back to the days when railroad heads said "the public be damned" and the Chicago Board of Trade, chairman of the Senate agricultural body, declared in an address here tonight.

Referring to recent public utterance of Judge Elbert H. Gary, chairman of the United States Steel Corporation, who has created the golden rule in business, Senator Capper said:

"I ask you to contrast Judge Gary's attitude with that of Armour, the heaviest grain operator in the United States, and the action of the Chicago Board of Trade in again going into court to fight the anti-grain gambling law after Congress by almost unanimous vote, has expressed the nation's will and determination to have grain gambling ended."

This country's grain growers believe and have every reason for believing that Armour and other big operators on the Chicago Board of Trade have by their operations, contributed greatly to the heavy losses grain farmers have suffered during and since 1920, the greatest export year for grain in this country ever known.

The Chicago Board of Trade is making a great mistake in attempting to override the demand of the producers of the great West for certain legislation that is only fair and right, which has for its only purpose, the aim to give the grain growers a fair chance on the public market. The whole appeal of our farmers simply is for a square deal in legislation, a square deal in the administration of government and in the conduct of the markets. That is all the people and the farmers ask. They have no ill will toward a big business as such."

**WILKENS'S ATTORNEY ATTACKS CONFESSION**

(By A. P. NIGHT WIRE.)

SAN FRANCISCO, Oct. 19.—The defense in the murder trial of Henry Wilkens, garage manager, produced today its second witness to testify that the confession of Arthur Castor, the foundation of the prosecution's case, was false.

This witness, Earl Coburn, like his predecessor yesterday, Louis Burkhardt, said he learned this from Castor himself while they were in the County Jail. Castor, according to Coburn, said the confession was made at the instigation of William F. Hervey, an attorney on a bad check charge, and in the hope of obtaining immunity from this charge and of getting a \$5000 reward offered for the slayer of Wilkens's wife, Mrs. Anna Wilkens.

Coburn also testified that another prisoner, Leslie Powell, tried to persuade him to testify against Wilkens, promising probation for both of them if they did, but Coburn said he refused. These events took place, Coburn admitted on cross-examination, while he was serving a seven months' sentence on a bad check charge. He also admitted having been involved in a bad check case in Arizona. He was for two months Wilkens's cellmate, but did not discuss the Wilkens case with him, he said.

The prosecution drew from Coburn an admission that he led to the District Attorney on September 23 when he said that Castor had made no statement to him.

After being questioned on that occasion, the witness said, he wrote a letter to Wilkens's attorney, Frank I. Murphy, two days later, revealing what Arthur Castor had told him. He did this, he said, "in the interest of justice, and because he did not like his treatment at the hands of the District Attorney."

Arthur Castor was recalled to the stand today by the defense and asked to identify his signature on a statement to the superintendent of the Preston School of Industry at Long acknowledged an offense against a 10-year-old girl. "I am not so sure," said Castor, on being shown the document, "I don't think I ever saw it before, I don't recollect it."

**MANY CATS FORGOTTEN AT BEACHES**

Shore Residents, Humane Society and Others to Ask Remedial Legislation

(EXCLUSIVE DISPATCH.)

CAPE MAY (N. J.) Oct. 19.—Cats to the right of them, cats to the left of them, cats in front of them. That is what confronts the residents of shore resorts in the fall of the year after the summer visitors who occupy cottages have returned home.

Residents, together with sportsmen and the Society for the Prevention of Cruelty to Animals, are going to join hands to ask the legislators at Trenton to make it an offense to bring cats to the shore and leave them in the fall. One of the best authorities on the matter of the animals even fish the other day eleven cats were counted. Fishermen say that cats, as well as the cat, Robins, small quail and other bird life have suffered great inroads by cats. In one yard at a shore resort the other day eleven cats were counted. Fishermen say that cats, as well as the cat, Robins, small quail and other bird life have suffered great inroads by cats. In one yard at a shore resort the other day eleven cats were counted.

**BATTLE CENTERS ON TASTE OF POISON**

ACCUSED SLAYER'S LAWYER AND CHEMIST MATCH WITS

(EXCLUSIVE DISPATCH.)

WHITE CLOUD (Mich.) Oct. 19.—Attorney A. W. Penny, counsel for Media Hodell, aged 20, being tried on a charge of poisoning her father-in-law, David Hodell, today endeavored to prove on the cross-examination of Charles Bliss, State chemist, that if a spoonful of strychnine was placed in the coffee the victim, as asserted, it would have been so bitter it would not have been swallowed. The chemist contended it was likely two or more swallows would have been taken before the bitter taste was detected.

The attorney, who is also a student of chemistry, and the State official matched wits during most of the day's session. Only did the chemist testify he found strychnine in the vital organs, but that Media Hodell told him she had put a teaspoon of white powder that "looked like pulverized sugar" in the old man's coffee to sweeten it. Members of the Hodell family previously testified the aged man did not use sugar in his tea or coffee.

**BELL'S WILL FILED**

(By A. P. NIGHT WIRE.)

SAN FRANCISCO, Oct. 19.—The will of Theodore Bell, San Francisco attorney and Democratic leader, who was killed in an automobile accident in September was admitted to probate here yesterday. The estate, valued at \$100,000, was left to his widow and daughter, except for \$2500 bequests made to each of his brothers and sisters.

**PICTURES OF SPOOKS POSSIBLE**

Spiritualist Declares Photography of the Soul Now Feasible

(By A. P. NIGHT WIRE.)

CHICAGO, Oct. 19.—Declaring that "spirit photography is a reality," Thomas Grimshaw of Detroit, Mich., trustee of the National Spiritual Association, today told the organization's annual convention that "spirit photographs are likely to become prevalent in the future."

In describing the process of photographing the spirit, the speaker said that the latter goes to sleep. "This," he continued, "is what is known as materialism of the ectoplasm. The ectoplasm exudes from the sleeping body and to complete its own form it picks up exhalations from any others who may be in the room. This spirit body then rises a few feet above the physical body, and the photograph becomes possible."

A plan to found a national correspondence school of spiritualism was a feature of the day's session. The theory of "psychic glands" was explained today by Mrs. M. T. Longley of Washington, D. C. She said they are an essential part of the chemistry of the soul, as real as the magnetic line, which can be seen like a beam of light, connecting the etheric with the physical body at times when the spirit is wandering in unknown planes.

**Choicest of World's Market**

**Birkel Co.**

**PIANOS**

Being Pioneers of Los Angeles, Birkel Co. had the early privilege of selecting the finest makes of pianos for exclusive representation. Each instrument is a standard of its class. Their prices are graded according to actual value, measured musically and substantially.

**\$340 to \$4600**

10% cash. Balance 2 years or longer.

**BIRKEL CO. ARE SOLE AGENTS FOR THE FOLLOWING PIANOS OF ENVIABLE REPUTATION:**

Steinway  
Kurtzman  
Weber  
Steck  
Steinert  
Lafargue  
Brinkerhoff  
Krahauser  
Pianos

also Pianola Player-Pianos and Duo-Art Reproducing Pianos

**SPECIAL EXCHANGE COURTESY!**

Any piano purchased from Birkel Co. may at a later date be exchanged in the partial payment for a Steinway Piano.

**The Times Illustrated Magazine**

—complete in itself—is one of the 12 great units which make up the Sunday Times—the only story or general-interest magazine published in Southern California.

**Nine Types of Enclosed Cars**

In recognition of increasing demand for enclosed cars, The Pierce-Arrow Motor Car Company now builds nine types of enclosed bodies. This includes sedans, limousines, landaulets, broughams, coupes, etc. Of unusual interest is the Pierce-Arrow Enclosed Drive Limousine. This car can be instantly changed from chauffeur-driven limousine to owner-driven sedan. The transformation is complete and perfect. We do not believe that this feature can be duplicated elsewhere. The Enclosed Drive Limousine is adaptable to all extremes of weather. On the stormiest winter day it is as cozy and comfortable as your home or club; in midsummer it is always cool. [With windows lowered, there is about 70% more open-air space than in the usual enclosed car.] We should be pleased to show you and to demonstrate to you the Enclosed Drive Limousine—and other Pierce-Arrow models.

Open Cars \$5250 - Closed Cars \$7000

# NOTICIAS MUNDIALES DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla español, y para beneficio de los lectores americanos del Times que estudian esa lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Un conocimiento práctico del español es de grandísima utilidad en este país, especialmente en el suroeste; como lo demuestra el hecho de que en Los Angeles solamente, hay más de 15,000 personas que estudian esa idioma con profesores oficiales o particulares. Para esos estudiantes será un buen ejercicio leer todos los días esta sección, donde encuentran las palabras y frases más usuales del lenguaje español.

## NOTAS TELEGRAFICAS

**Washington, octubre 19.**—Tanto los republicanos como los demócratas están concentrando los esfuerzos supremos de la campaña, en Ohio, el Estado del Presidente. El gabinete tomará las armas del partido. El Ministro Hughes irá al Estado hasta el último. El Presidente ha recibido noticias de los triunfos demócratas.

El Ferrocarril Great Northern ha dirigido a la Comisión del Comercio entre Estados, pidiendo vagones suficientes para transportar granos, esmeraldas y carbón. Es seria la situación en el noroeste.

El Brasil quiere incrementar su marina, y va a tener el gobierno de ese país como consejeros a ciertos americanos.

La dimisión de Lloyd George ha causado aquí alguna preocupación por lo que añade a la futura política de la Gran Bretaña sobre la deuda a los Estados Unidos y sobre otras cuestiones internacionales.

## DEPORTES

**Balompis.** El equipo de balompis ligero de la Primaria Superior de Los Angeles derrotó ayer por 12 a 3 al equipo de 120 libras de Lincoln; la Primaria Superior de Jefferson venció a los pasajeros de Long Beach por 7 a 0; y los pequeños jugadores de Pasadena dieron una golfa a Hollywood, con anotación de 15 a 1.

**Baseball.** Los jugadores de baseball de la Liga de la Costa del Pacífico recibieron varios miles de dólares de gratificación, que les distribuyó la Liga. Participaron de ella los miembros de los clubes de Vernon y Los Angeles.

## RAILROAD PETITIONS TO GET MORE CARS

**GREAT NORTHERN SAYS THAT SERIOUS DISASTER FACES SHIPPERS ON LINE**

(EXCLUSIVE DISPATCH.)  
WASHINGTON, Oct. 19.—Declaring that serious disaster will result to the growers of grain, live stock, food and vegetables and to producers of lumber and coal, unless an adequate supply of cars is made available, the Great Northern Railroad today filed a petition with the Interstate Commerce Commission asking that an order be issued diverting sufficient cars to its line.

It is declared in the petition that the Great Northern Railway has been unable to maintain a proper supply of cars owing to the fact that the movement is chiefly away from its line, and the cars are not returned as they should be. Unless an immediate order be issued, it is stated that it will be necessary to embargo the loading of cars for points beyond the rails of the Great Northern.

At present, it is set forth, 14,400 box cars belonging to the Great Northern are on the rails of other roads. The total number of box cars on the line of the Great Northern, including those owned by other companies, is \$250 less than this railroad owns. There is a daily loss of approximately 300 cars.

## CONTAMINATED BEANS KILL THREE RANCHERS

(BY A. P. DAY WIRE.)  
WENATCHEE (Wash.) Oct. 19.—After a thorough investigation into the cause of the recent death of Lenner, Brown and West, three Okanogan ranchers, Dr. Paul West, county health officer, reported today that the men died of eating contaminated beans and not by drinking poisonous liquors as had been suspected. The beans, Dr. West stated, were put up by some one on the Colville Indian Reservation.

## KLAN ASKS TRIBUTE

(BY CABLE AND ASSOCIATED PRESS.)  
HONOLULU, Oct. 19.—Filipino plantation workers are being forced to pay \$7 each to the Ku Klux Klan, according to an anonymous communication received by Attorney John A. Matthoman. The communication names the alleged leader of the movement. The territorial grand jury is planning a secret probe.

## WHITE RUSSIANS FLEE

**Allied Warships Aid Evacuation of Vladivostok as Chita Troops Advance**

(BY CABLE AND ASSOCIATED PRESS.)  
TOKIO, Oct. 19.—Gen. Dietrichs and all his officers who are able to reach Vladivostok in their flight before the victorious Reds will embark on transports for China on October 20, according to official dispatches received today from Vladivostok.

The administration of the city, pending the entry of the Red forces of the Far Eastern republic, will be left in the hands of the municipal assembly. Committees have been organized to maintain order and to protect life and property until the arrival of the Chita or Red troops, who are reported approaching Vladivostok.

Representatives of the Chita government of the Far Eastern republic have promised that outposts will be guarded against but that all persons suspected of having participated in the anti-Red revolution of March, 1922, will be punished.

## ARMS REFUSED

The Civil government at Vladivostok has refused to take over the arms and ammunition held by the Japanese who are arranging for their disposal in conferences at Tokyo, with Charles E. Warren, American ambassador, and Sir Charles Elliot, the British Ambassador.

Japanese officials have expressed the opinion that the one American cruiser, one British cruiser, two

# "They are LIFE" she said What did she mean?

A WELL KNOWN WOMAN wrote a letter to the editor. "I enjoy the kind of articles you publish," she said. "They are *life*."

What is life, anyway?

**LIFE IS WIVES.** "Wives," says Ring Lardner, "is people that thinks 2 ash trays should ought to be sufficient for a 12-room house."

Ring W. Lardner on "Wives" in the November AMERICAN MAGAZINE.

**LIFE IS BUSINESS.** Whether I am "in" business or not, I am dependent on it. I am enlarged and encouraged whenever I hear of a man who has taken a demoralized business and made it live and thrive.

"Are You Discouraged About Your Business?" in the November AMERICAN MAGAZINE.

**LIFE IS HUSBANDS.** "There is one thing about husbands which no wife can understand," Nina Wilcox Putnam says. "Why does every husband wait until dinner is on the table before starting upstairs to wash his hands?"

Nina Wilcox Putnam on "Husbands" in the November AMERICAN MAGAZINE.

**LIFE IS PROGRESS.** No wise old man can look back from the top of the hill without seeing many places where he might have moved more swiftly and surely if he had only *known*.

"The Education I Wish I Might Have Had" in the November AMERICAN MAGAZINE.

LIFE is, or should be, Victory—a good fight, in which the test is "How much have you conquered"? not "How much have you got"? To associate with winners is a tremendous aid to winning. "I like to mix, in your pages, with the up-and-coming," said the woman who is quoted above.

When she wrote that she spoke for 1,800,000 of us.

## DAILY TRADE TALK

Waste Paper Moves Into the King Row Again;  
Business Outlook Above Par

BY CHAPIN HALL

We have our safety weeks, our fire prevention weeks, our week for this and that, but Chicago is having a paper week at present. Because Chicago has a paper week is no occasion for undue excitement in Los Angeles, but the cause behind the movement, which is a part of the fall conference of the American Paper and Mill Association, are of considerable importance here.

For instance, it is not a general information that \$50,000,000 will represent the payments this year by paper mills alone for waste paper. This represents an increase of about \$20,000,000 over the waste-paper bill in 1921. The book paper and paper board manufacturers are particularly interested, for the book paper mills use old magazines, and the book mills use old newspapers and mixed paper.

The greatest difficulty in the waste-paper situation has been the high cost of collection and transportation so that the price to the manufacturer has been high. With the recent cut in freight rates on waste paper, the junk dealers of the nation are again reported to be willing to buy folded news and magazines and pay a reasonable price based upon market conditions and the considerable expense of collection and shipment.

## TRADE NOTES

Retail trade is on the up curve and Federal Reserve reports, as well as market indications, are that stocks on hand will have to be materially replenished before they are anything like adequate enough for the most of the holiday requirements. Taking a wide range view, prices are firming up somewhat and a further stiffening process may be expected although this will be along the line of establishing equilibrium rather than a new cost list shuffle. The Dry Goods Economist says that every market expert now advises merchants to cover their requirements up to the end of the year, and in this opinion local jobbers concur.

## STOCKS AND POLITICS ARE MIXED

Resignation of British Premier Brings About a Reaction; Problems

NEW YORK, Oct. 19.—The most important news item from the financial markets today was the resignation of the British Premier, Mr. Ramsay MacDonald, which was announced at 10:30 a. m. The resignation was the result of a vote of no confidence in the House of Commons, passed on Oct. 18. The vote was 137 to 129. The resignation was a surprise to many observers, as MacDonald had been expected to remain in office until the end of the year. The resignation was followed by a sharp decline in the London stock market, and a corresponding decline in the New York market. The resignation was also a blow to the British government, as it was expected to lead to a new election.

On the bond market fractional issues were rather scarce, but Liberty Bonds were in demand, and a movement was noted by the further fractionalization of the 4 1/2 per cent bonds. The movement was a result of the fact that the bonds were in demand for the purpose of raising money for the government.

The bond market was also affected by the resignation of the British Premier, as it was expected to lead to a new election. The resignation was also a blow to the British government, as it was expected to lead to a new election.

At the French exchange, French public securities were in demand, and a movement was noted by the further fractionalization of the 4 1/2 per cent bonds. The movement was a result of the fact that the bonds were in demand for the purpose of raising money for the government.

## CUBA SOON TO PLACE BIG LOAN

Permission to Float \$50,000,000 Issue is Asked of Washington

(EXCLUSIVE DISPATCH)  
WASHINGTON, Oct. 19.—The Cuban government's request for the approval of the United States to the proposed \$50,000,000 loan recently authorized by the Cuban Congress was made in a note presented to Secretary Hughes by Dr. Arturo Padro, Charge d'Affaires of the Cuban Legation. Under the Platt amendment the consent of this government is required before Cuba can negotiate any loan, either foreign or internal.

No objection on the part of the American government is expected to the loan and it is believed the Cuban government will be notified promptly to proceed with the negotiations. The recent action of Cuba in adopting a number of reform measures, aimed to establish that republic on a sound political and financial basis, has paved the way for approval of the loan. Formal announcement to this effect probably will be made within a few days.

The money will be used to pay off the floating debt of Cuba, including the short-term loan of \$5,000,000, which was made last January by J. P. Morgan & Co. of New York for a group of bankers. This was a one-year loan. Part of the new loan also will be used for important public works and agricultural projects. The Cuban government is contemplating of other measures, aimed to establish that republic on a sound political and financial basis, has paved the way for approval of the loan. Formal announcement to this effect probably will be made within a few days.

## FEDERAL RESERVE; WEEKLY STATEMENT

(BY A. P. NIGHT WIRE)  
WASHINGTON, Oct. 19.—Combined resources and liabilities of the Federal Reserve banks and the Federal Reserve note in circulation as of October 18, 1922, are reported in the following statement:

## MIDDLE WEST STIMULATED

Week of Large Performance in Bank Circles

Money Rate Advancing With Demand for Loans

Favorable Conditions Aided by European Outlook

BY C. R. EVANS  
(EXCLUSIVE DISPATCH)  
CHICAGO, Oct. 19.—This is a week of rather large performance among the banks in Chicago and the money market is clearing up.

Tuesday amounting to \$187,000,000. This is not a high record as May 1 gave us \$182,000,000 and June 1, \$175,000,000, but at the rate of Tuesday the aggregate for the week would be over \$844,000,000 whereas the recent average has been around \$595,000,000.

Conspicuous among the causes of this lift in bank exchanges is the closing up of two large deals in securities that is the \$50,000,000, Swift & Co. sale and \$25,000,000 representing the Sinclair Pipe Line. The Illinois Trust and Savings Bank and the First Trust and Savings were principal banks in these operations. The \$50,000,000 government bond issue also has its part in these activities.

Now for the first time in many months do we hear of borrowings at the Federal Reserve Bank. Not that such loans altogether ceased during the comparative ease in the money market, but they have hardly been thought of as an element of importance in our local finances. Temporarily one bank has been out of that sort of thing had an accommodation of \$12,000,000.

This is a small matter indeed compared with the \$50,000,000 or more that one of our banks owed at the Federal Reserve Bank during the stress of 1921, but it is one of the incidents of a considerable change now going on in the money market here, not due entirely to these special transactions.

The rates for money are now distinctly advancing in this city. Loans at 4 1/2 per cent have been marked up to 5 and all along the line there is a little more strictness on the part of the bankers here. The reason is found in a larger demand for loans among

(Continued on Twelfth Page)

Brier Hill Steel Company  
First Mortgage 5 1/2% Bonds

Dated October 1, 1922

Due October 1, 1924

Callable at 105 and interest on thirty days notice. Sinking fund of \$100,000 semi-annually, beginning October 1924, to be used for purchase of bonds not exceeding 100 to October, 1927, at 104 1/2 thereafter.

Application will be made to list these bonds on the New York Stock Exchange

This \$10,000,000 issue of bonds constitutes a Closed First Mortgage upon the real property of the Brier Hill Steel Company and is additionally secured through pledge of all stocks of its subsidiaries. These properties have been recently appraised at a fair value of \$47,000,000.

For the seven-year average ended December, 1921, interest payments of this issue were earned over ten times, before taxes, and over seven times, after taxes were deducted.

The Brier Hill Steel Company was incorporated in 1912, being a consolidation of 4 steel, iron and coal companies in Youngstown and Niles, Ohio. One of these companies dates back to 1838. The company is a big producer of pig iron ingots, blooms, billets, bars and plates, annual ingot capacity being 720,000 gross tons. It is one of the largest independent producers of sheets, with an annual capacity of 200,000 net tons. Its ore is obtained almost entirely from the properties of its subsidiaries.

We recommend these bonds for the safe investment of funds as a good opportunity for diversifying lists of Western securities.

Principal payable at office of Trustee.

HELLMAN COMMERCIAL TRUST AND SAVINGS BANK, TRUSTEE  
EXEMPT FROM CALIFORNIA PERSONAL PROPERTY TAXES  
Application has been made to certify these bonds as a Legal Investment for California Savings Banks.

INVESTMENT FEATURES

1. SECURITY. These bonds will be secured by a closed First Mortgage or Deed of Trust on the valuable mercantile stores of the Company, together with offices, warehouses and selected residence properties in the City of Visalia, and agricultural properties aggregating 5,235 acres, located in the following counties: 626 acres in Tulare County, 4,340 in Yolo, and 130 in Fresno. The diversity of holdings is an element of strength in the security.

2. APPRAISEMENT. These properties have been conservatively appraised by Mr. John C. Moore at \$604,883, except the Fresno county land, which has a value of \$2,400, giving a total security of \$607,283, or over 2 1/2 times the amount of this loan. These values have been confirmed by our own investigation. The land and buildings in Visalia, in which the principal business of the Company is carried on, are valued at \$387,541, over \$200,000 having been expended recently in rebuilding the main store. Fire insurance aggregating \$475,300 is carried on buildings, fixtures and merchandise.

3. COMPANY. The business was organized in 1907 and incorporated in 1909 under the present name of S. Sweet Company. From a small country store it has grown to be the largest retail department store in Tulare County. This country is one of the most important in the United States agriculturally, having advanced from nineteenth place in 1910 to fourth in 1920 according to the last census. The value of its crops in that year was over \$33,200,000 and its population 67,000. Visalia, the county seat, is a modern, progressive city of 7,500 people. The company also has a prosperous business in Kings, Kern and Fresno Counties.

4. CAPITALIZATION. A complete audit of the affairs of the Company has been made every year for several years past by Marwick, Mitchell & Co., Certified Public Accountants. The last regular annual audit was made January 31, 1922, and the condition of the Company at that time, after giving effect to recent appropriations and this financing, is summarized as follows:

AMOUNTS AND MATURITIES  
\$15,000 due January 1, 1924 to 1928, inclusive  
\$25,000 due January 1, 1929 to 1932, inclusive  
\$25,000 due January 1, 1934 to 1938, inclusive  
All legal proceedings in connection with the issuance of the bonds will be approved by Messrs. Bauer, Wright & Macdonald of Los Angeles.

day's closing quotations and sales on the San Francisco Stock and Bond Exchange, furnished

profits from their gasoline business, but not because of its volume, but because the independent companies must make a large volume of gasoline to be able to take advantage of the larger proportions of residual products in the oils for which there is little demand in the market.

Any attempt, then, to fix the price of gasoline, the independent companies contend, must first take into account the consideration of fuel oil and the other by-products. If markets can be created for the fuel oil, then it will eventually allow the producer to follow its own way, the selling price of gasoline will be adjusted on lower oil prices, and until such markets are opened up, the price of gasoline will be stored in revenue to the oil companies.

It is also produced to show that the Standard Oil Company is individually making greater profits

Great Western Power Co.	100%

As a counter proposition, independent refining companies advocating State control of drilling operations, the "off-set" law, and other options in California, Oklahoma and Texas, contend that the "off-set" law is a violation of the Federal Anti-Drilling Law. This law provides that drilling locations must be no closer than 15 feet from each other, a provision which is not in the Federal law. The methods now in use in Southern California, in the Signal Hill district, there is approximately one well to every acre and one-half acre. This is the factor which caused the flush production in Southern California, by which the fields are quickly drained of the oil. This is the factor which caused a superabundance of crude oil. A continuance of these methods

102%; 1000 at 102%; 1000 Cal. Unfy. 5a  
90%; 1500 Par. Gaa 7a at 108%; 1000 do

reflect directly on the gasoline situation. Abnormal production of crude compels companies to build extensive facilities to handle the surplus, and oil in storage is another heavy expense item which gasoline must bear. Stored oil is likened to capital not drawing interest; and it is natural that the companies would welcome methods to insure regular and normal production.

**MORE DISTRIBUTIONS**

Rumors are arising in Los Angeles stock market circles to the effect that the oil companies are planning to distribute large amounts of stock to their shareholders in the near future. This is a possibility, but it is not certain.

## IN SALT LAKE CITY

**SEPTEMBER FINANCING**

Financing by industrial corporations was the major feature of the month of September with an aggregate of \$189,239,280 out of the total amount of new issues of all classes of \$282,351,680. The September total was slightly under August, but considerably above September, 1921. Of the entire amount of financing during the month, 35.2 per cent was to retire maturing obligations.

The image is a vertical, high-contrast scan of a textured surface. It features a dark, grainy background with a prominent, lighter-colored vertical strip running down the center. The texture appears to be that of a book cover or a piece of wood, with visible grain and some minor damage or wear. The lighting is very dramatic, creating deep shadows and bright highlights along the central strip.

## The Tomb of Napoleon

NAPOLEON still exerts his influence upon modern France from that wonderful porphyry sarcophagus under the dome of the Hotel des Invalides in Paris. And to that sacred spot have come millions to pay their tribute of love and devotion to the Little Corporal. About this tomb has been thrown an atmosphere of sacredness and worship that has indeed made of it a shrine for the French people.

The modern community mausoleum—such as that erected at Hollywood Cemetery—offers every citizen just such a shrine: a building of singular beauty wherein his loved ones may sleep and where he may pay his own respects amid magnificent surroundings of marble and bronze.

You are cordially invited to visit this structure, the second unit of which is now complete. Our illustrated booklet will be sent upon request. (Phone: Main 1534.)

**BISHOP'S  
COCOA**

I drink it

Thus an enthusiastic woman wrote—so pleased was she with Bishop's Cocoa Syrup. Take the plainest cake, a simple pudding or custard, plain ice cream and on it pour a generous helping of Bishop's Cocoa Syrup (Soda Fountain Style) and like magic they are turned into "quite-company-like" desserts. They are given a rich chocolate flavor most every one likes and the children just love. Use the following recipe:

**BISHOP'S COCOA SYRUP**

SODA FOUNTAIN STYLE  
2 rounding tablespoons Cocoa, 1 cup sugar, 1 cup water, 1 rounding tablespoon cornstarch, 1/4 teaspoon salt, 1/2 teaspoon vanilla, 1 rounding tablespoon butter. Bring mixture to a boil, then add cornstarch which has been mixed with a little water, and boil slowly five minutes. Add vanilla. Serve hot or cold.

**BISHOP & COMPANY**

## PENSIONS PLAN CALLED UNFAIR

Municipal League Secretary Explains Opposition

Says Charter Amendment Not on Sound Footing

Results of Benefit Increase Declared Harmful

BY ANTHONY PRATT  
Secretary of the Municipal League of Los Angeles

I should like to present to the voters a few facts relative to a proposed charter amendment to be voted on November 7, No. 2a. This is the police and firemen's pension amendment.

I have the keenest appreciation of the services of the fine men in the police and fire departments who protect our lives from thugs and our property from fire and I think they should be remunerated and provided for as well that they could devote themselves to this great service to the city without fear of being left destitute in their old age. This the city owes them for services well performed.

In seeking public support, however, for charter amendment 2a, I am convinced that the firemen and policemen are acting unwittingly against their own best interests and against the best interests of the public in general.

Even before 1919, the police and fire pension funds, which were established by ordinance, were in a state of insolvency.

Such will be the case with amendment 2a, if, through popular inadvertence or lack of knowledge of the facts on the part of the electorate on November 7 or through overpersuasion and the appeal to popular sympathy that the firemen and policemen are making in this campaign, this amendment should actually be "put over" on election day.

**STAMPEDE CHARGED**  
In April, 1919, just before the time when the Councilmen were up for re-election and naturally did not like to antagonize the policemen and firemen, the firemen and policemen stampeded the City Council into amending the pension ordinance, so that:

(1.) A man could force his retirement on half pay after twenty years of service instead of at the option of the pension commission at age 55, after twenty years of service.

(2.) Pensions to widows and orphans were increased 50 per cent and

(3.) Five years were added to the period when such pensions could be drawn by widows and orphans of policemen and firemen.

Even before 1919, the police and fire pension funds were in bad shape and the city efficiency director reported to the Council urging an actuarial investigation to determine what the city's liabilities under the existing pension ordinance might be. However, no such investigation was made, but the more liberal provisions demanded by the policemen and firemen were put into effect.

In a report this year from the efficiency director of our city government we are told that the actuarial deficit in the police and fire pension funds, which was already large in 1919, has now increased to over \$1,500,000.

Under the present ordinance a fireman who enters the fire department at 21 years of age can force his retirement on half pay at 41 years of age and a policeman who enters the police department at 21 can force his retirement at 41. We have already several ex-city employees in the prime of life, hale and hearty, who are retired from the city service on half pay drawing amounts up to \$175 per month.

In the face of these facts the

## BAY CITY REALTORS DUE

Delegation to Sail for Catalina Island With Local Party on Pleasure Trip

A delegation of between seven-five and 100 San Francisco realtors will arrive on the first section of the Catalina Island trip to participate in the second annual links of the Los Angeles Realty Board to be held at Catalina today, tomorrow and Sunday.

Immediately upon their arrival in Los Angeles, the guests from the northern city will be conducted to a special Pacific Electric train, which will carry the party, including 250 Los Angeles realtors, to the harbor, where the Avalon will be boarded.

The northern realtors will be met at the station by a committee composed of Frank Ryan, president of the realty board; William May Garland, chairman of the reception committee; W. W. Mines, W. H. Daum, Herbert L. Kornish, D. F. McGarry, Clinton E. Miller, O. A. Vickrey, and W. I. Hollingsworth. General Secretary Tom Ingersoll will meet the San Francisco delegation at Sausalito.

**CARNIVAL FEATURE**  
The three-day program on the island will be given over entirely to sports and entertainment. Immediately after lunch today the program will open with a water carnival. The evening entertainment consists of boxing bouts and vaudeville in the Casino, followed by a smoker.

Tomorrow morning realtors of the two cities will meet on the athletic field to engage in field sports, the winners of which will be awarded prizes. The evening entertainment consists of boxing bouts and vaudeville in the Casino, followed by a smoker.

Tomorrow morning realtors of the two cities will meet on the athletic field to engage in field sports, the winners of which will be awarded prizes. The evening entertainment consists of boxing bouts and vaudeville in the Casino, followed by a smoker.

**SCHEME TO AID REDS SEEN**  
Two of Eight Asserted Radicals Indicted for Securities Act Violation Under Arrest

What is declared to be a visionary scheme to bolster up the soviet government of Russia came to light yesterday when two of eight asserted radicals indicted by the county grand jury on Wednesday for violation of the Corporate Securities Act were arrested and lodged in the County Jail.

The first of the eight to be arrested were Fannie Melman and Max Hittleman. The latter appeared before Presiding Judge Willis and was released on bonds of \$5000. The indictment against Judge Houser on Wednesday and bail for each defendant fixed at \$5000. The cases were set for trial before Judge Shenk.

According to Dep. Dist-Atty. Stanford, who conducted the inquiry before the grand jury, information was given him that the Russian-American Industrial Corporation was organized under the laws of Delaware for the purpose of establishing and handling industrial factories in Russia. It is charged that the eight indicted were selling stock in the company.

voters of Los Angeles are being lured with literature from the police and firemen's organization to vote for a charter amendment (No. 2a) which will not only fix the city's pension funds but also increase the existing pension ordinance, but will still further increase benefits and augment the deficit. Under this proposed amendment, which requires the laying aside of sufficient funds as recommended by an actuary on a reserve basis, the cost of the city, next year, will be \$482,000, or \$72,000 more than would be required under existing ordinance on a like basis.

The City Council, recognizing the chaotic financial state into which we are drifting in connection with our pension funds, is even now having an actuarial survey and study made with a view to determining the city's liability under existing ordinance and to work out an equitable pension system, not only for policemen and firemen, but for all city employees.

Other cities, such as Boston and San Francisco, and even our own county government have adopted pension systems that will stand the scientific test and whereas the years go by the pension funds themselves will remain solvent. In such systems, however, the employees themselves share along with the city or county a part of the expense. This, apparently, the policemen and firemen of our city do not wish to do.

I believe we should have an equitable, scientific pension system for all employees and I would urge every voter in the interest of the city to vote "No" on amendment 2a.

Little is known of Miss Barrett here, though she has been in Los Angeles over a year. She has been at Miss Hill's house for the past two months.

**Youth Injured; Complaint Filed Against Teacher**

Assistant City Prosecutor Friedlander yesterday transmitted to Mrs. S. M. Dorsey, superintendent of schools, a complaint charging a public school teacher with mistreatment of a pupil.

Frank Ronca, 560 Mathews street, filed the complaint as the father of Tony Ronca, 11 years old. He declares his son was pushed with unnecessary violence by A. E. Juckett, an instructor in the Boyle Heights special school, and that the lad fell and suffered what might have been a fatal injury.

Mrs. Dorsey is asked to make an investigation of the case, while City Prosecutor's office continues its inquiry.

**ASK PHONE COMPANY TO ASSIST FIREMEN**

The Board of Fire Commissioners by resolution yesterday asked the Southern Telephone Company to expedite still alarms. The resolution said that about 60 per cent of the alarms come over the telephone and that there have been many complaints of the slowness of the connections, resulting in immense property loss.

## DIVORCE DOES NOT END CASE

Court Orders Transcript on Which to Base Action

Woman on Stand Admits All; Jurist Scores Cousin

Children Are Cared for in Decision Handed Down

Because the eternal angle in the Kohn case seemed to have a twist in it, Judge Summerhays yesterday ordered a copy of the transcript turned over to William Lewis to be placed in the hands of the District Attorney for investigation and prosecution. Mr. Lewis is counsel for Henry Kohn, who was granted a divorce yesterday, based on the misconduct of Erna G. Kohn with Douglas Hayes, her cousin, and a roomer at her home. The court gave one of the children to the father and ordered that the other child, in the custody of Mrs. Kohn, be turned over to her mother.

The elements in this case are sadly mixed. Mrs. Kohn admitted her secret love for Mr. Hayes and blamed her step on the indifference of her husband. She said Mr. Kohn would fall asleep on a couch in the evenings, which forced her to turn to Mr. Hayes for diversion.

She made candy and from candy making to love making was easy progression. She said that when her husband learned of the amour, he told her to get out. He offered her \$100 to leave, she said. She refused the money. Her love for Hayes was so strong that she said she lived with him as his wife for two months.

But back of her love was the thought of her children. She realized the wrong she was doing them and left Hayes. She declared that as soon as she was free she intended to marry him.

She loved Hayes so much that when, as she said, Mr. Kohn wanted to kiss and make up, she refused. There was but one love in her heart. But for the sake of the children she said she was willing to return to her husband, but not as his wife.

"Is your conscience clear in this matter?" queried the court. "No," was the reply. "I knew it was wrong, but love is blind. I did not stop to think that I was committing a legal and moral wrong."

Mr. Hayes was asked the same question. He said it was. He loved Mrs. Kohn and could not live without her, and he was going to marry Mrs. Kohn.

"How soon after you marry her will you cease to love her and break up another home?" asked the court. "I will never break up another man's home," was the reply. "If you had one spark of humanity, one thread of decency, you would not have done this thing," commented the court. "When you saw your love for this man's wife becoming strong you should have put yourself to rest in society."

Mrs. Kohn was in tears at the conclusion of the hearing. When the case was tried last week, the court granted Mr. Kohn a decree of divorce, but after Mrs. Kohn's mother had declared from the stand that Mr. Kohn had given Hayes \$100 to take Mrs. Kohn away, he set aside the judgment. He continued the matter until yesterday to hear from Mrs. Kohn and Hayes.

**He Travels Far to Make Talk of Half Hour**

Charles W. Myers, advertising manager of Morris and Company, packers, Chicago, is en route to Los Angeles from Portland to address the Southern California Grocers Association meeting on Monday, the 30th inst.

Mr. Myers was requested by Edward Morris, president of the company, to attend the Los Angeles meeting. His subject will be "What Do People Want?"

Mr. Myers is making a 2000 mile trip to talk thirty minutes. Mr. Myers said in a telegram.

**Aged Workman Killed in Fall From Building**

Stumbling over a block of wood on the second story of a house under construction at 1317 Whittier Boulevard, Frederick Scharpf, aged 67 years, fell to the ground and suffered injuries from which he died a few minutes later at the Receiving Hospital early last evening.

Mr. Scharpf had just placed his tools away for the night when the accident happened. He was engaged in aiding his son build a four-flat, two-story dwelling on the latter's use. The body of Mr. Scharpf was removed to the J. H. Reideman undertaking establishment.

Mr. Scharpf lived with his son at the above address.

## Music of all kinds is available with The AMPICO

Not only does the Ampico re-echo the playing of the world's greatest pianists, but scores of temperamental artists who devoted their lives to the playing of lighter music, tuneful pieces that everyone enjoys, favorite old songs, plantation dyes, marches, hymns, delightful tunes from the operas, and musical comedies, always the latest and gayest ragtime music for dancing.

**A Final Word**

It is impossible to describe the wonder of Ampico. The perfection with which it reproduces the playing of the living pianist is unbelievable until it is heard.

There is but one Ampico—a recommendation of CHICKERING, FISCHER and the MARSHALL & WENDEL

# The First Week Is Going Big!

We are still after that \$100,000. By the looks of things we are going over the top by the twenty-seventh.

Then we will make that big announcement.

But we must have that \$100,000 first.

So we are turning a hundred thousand dollars' worth of fine office equipment into cash. Prices on every article are marked in plain figures—and represent real, honest-to-goodness values—no fooling, no shenanagin, no camouflage.

Everyone who has ever had any dealings with Pacific Desk Company will know this without being told.

This big opportunity lasts until October 31st.

All orders must be accompanied by cash, for which we allow an additional 5% discount.

Pacific Desk Company

## You the Lucky in Five?

As the result of a sudden desire of five youths to "get a car and go joyriding," one of them is dead and the four others are facing terms of from one to ten years in San Quentin. It developed yesterday in Judge Reave's court.

The dead boy is Kenneth Dyer, who was shot and killed by Patrolman B. A. French while the five youths were stealing his car. The other four, Leroy Nelson, Harold Hand, Eddie Nussen and Walter Freeman, were sentenced to San Quentin yesterday by Judge Reave for riding in an automobile without the owner's consent.

It was said in the report of the probation officer that the five boys decided to get a car and go joyriding, and went in search of a car to take. They took one owned by the officer, who was visiting his father at 1236 East Fifty-seventh street. In the pursuit the officer shot at the tires of the car and Dyer was shot. He died the next day.

The four sentenced yesterday were granted a stay of execution of sentence for ten days.

**Garden Party Planned for Wilson Fund**

Speakers, writers and entertainers will participate in the garden party in the interests of the Woodrow Wilson Foundation, to be conducted on the grounds of Mr. and Mrs. Alexander Pantages on Vermont avenue, Saturday afternoon.

On the program are Gladys and Joy Fisher and Grace Andrews, instrumental trio; Miss Marian Shippe, classic dancer; Miss Estelle Heart-Dreyfus, contralto; and the following speakers: Francis Orson, author of a book of appreciation of Woodrow Wilson; Capt. Richard Pearson Hobson, Mrs. Basil Clarke, widely known speaker, and Dr. James Francis W. D. Anderson will preside and introduce the speakers.

**HIGH SCHOOL BODY TO HELP VETERANS**

STUDENTS PLAN DRIVE FOR TICKETS FOR BENEFIT AT LOEW'S THEATER

Under the supervision of Mrs. Susan Dorsey, Superintendent of Schools, high school students will co-operate with Loew's State Theater during the week which will be devoted to a benefit for the Disabled American Veterans of the World War at all showings of "Forget-Me-Not," the Burton picture in which Gareth Hughes and Bessie Love are the stars. This photoplay, which recalls that the veterans will observe November 4 as "Forget-Me-Not Day," will start at Loew's State on Sunday.

In putting on this benefit for the men who suffered through their service to Uncle Sam in the European strife, Loew's State will give the Disabled American Veterans 50 per cent of all the money received from tickets sold during the week.

"Forget-Me-Not Day" was proclaimed by Gov. Stephens for November 4, before which date President Harding is to issue a similar proclamation calling on the American people to show their gratitude to maimed but living veterans of the World War.

## YUMA ALLOWED USE OF DITCHES

Water Men Offer Support in Flood Control

River Straightening Plan Loses Interest

Boulder Dam Project Gets Valley Backing

(REUTERS DISPATCH.)

EL CENTRO, Oct. 19.—The Water Users' Association of Yuma have indicated a desire to straighten the course of the Colorado River in order to protect their valley lands against the flood water of the river, which has in times past worked havoc with crops, washing out levees and weirs.

In a letter to the Imperial Irrigation System officers the association asks for the assistance of the irrigation system's ditches and at the same time states that it is getting up a petition to send Secretary Fall, asking for an appropriation of \$50,000 to complete the work.

The local irrigation system officials and board directors have guaranteed the Yuma water users' co-operation in their requests.

However, it has been pointed out that there is little likelihood of Secretary Fall considering the plan, because of the contemplated Boulder Canyon dam project, which, if put through, would make a straightening of the river unnecessary as the storage would control all flood water in the river and allow only a normal flow. In connection with the Boulder dam project, opinion has been at a great variance in Imperial Valley regarding what has been termed the all-American canal bill attached to the Boulder dam bill. Arguments between authorities and leaders in valley affairs have waxed hot in numerous instances as to whether the all-American canal project could be put through with the Boulder dam bill.

Opinion has simmered down in the last week or two to the effect that it would be best to leave out this phase of the bill in order to get the Boulder dam across. It has been pointed out that in case the Boulder dam bill becomes a law there will still be ample time to complete the canal project before the dam is completed.

One thing at a time and that done well seems to be the motto of many here.

## JOY RIDERS GET DEATH AND PRISON

Four Youths Sentenced to San Quentin; Another Shot by Police Dies

As the result of a sudden desire of five youths to "get a car and go joyriding," one of them is dead and the four others are facing terms of from one to ten years in San Quentin. It developed yesterday in Judge Reave's court.

The dead boy is Kenneth Dyer, who was shot and killed by Patrolman B. A. French while the five youths were stealing his car. ## NUMBER OF CARS HERE MOUNTING

California May Lead All States in Autos Registered This Year

California is breaking all records in automobile registration and may lead all other States in its total this year.

According to figures compiled by the Automobile Club of Southern California, it is shown that there are more autos in California at this time than there were in New York on January 1 of this year.

The registration for 1921 in New York, which led by the States last year, was \$12,031. The registration at the present time in California is approximately \$24,132.

California was fourth on the list of States for the number of automobiles registered last year, but there is possibility that it will jump to second place this year, and if eastern States eliminate all "dead" or defunct numbers from their registration totals at the end of the year, then California may jump into first place. The registration figures as issued in this State contain no "dead" numbers.

Ohio, Pennsylvania and New York were ahead of California last year. The total number of cars registered in this State for 1921 was \$73,830, an increase of 157,362 autos in less than ten months of the year.

The increase during 1921 over 1920 for California was only 104,338. The comparison of these figures is pointed out by the club as indicative of the tremendous increase in cars for this State during 1922.

According to additional figures secured by the club, there is every evidence that all records for transcontinental travel will be broken here this year. Thousands of cars are arriving each week over the transcontinental routes, and in fifty a day coming over one road alone.

## URGES HIS SPOUSE TO COME BACK

Husband Spurned by Wife Asking Court to Reconsider Divorce Plea

"Nobody loves a fat man," Charles S. Howe might have yelled after he left Judge Summerfield's courtroom yesterday, his advances having been repulsed by his wife, Armeta Howe.

Mr. Howe put a bit of pathos in an otherwise trivial situation. Judge Summerfield had denied her a divorce on the ground of extreme cruelty. Stunned for a moment, for apparently a divorce meant the world to her, Mrs. Howe turned to the court and pleaded, "Judge, won't you please reconsider it?"

The court was adamant.

Mr. Howe, as plump as his wife was slender, stepped behind her and whispered:

"Sweetheart, won't you come back so me?"

Still intent on having the court change his mind, Mrs. Howe urged: "Won't you give me a divorce? I want to be free."

"No law can compel you to live with him," was the reply.

"But I want to live, to breathe freer."

"Sweetheart, come back to me," again came the pleading whisper.

"I love you."

But her ears were deaf; her eyes were directed to the court.

The court did not waver, and, turning, Mrs. Howe started out of the courtroom. Mr. Howe gently sought to stay her, but she swung her arm free of his grasp, she left him stranded amid a throng of sympathetic spectators.

## Realtors Deny They Indorsed Measure No. 5

Denial that the California Real Estate Association had gone on record as either indorsing or opposing the State House measure No. 5 on the November election ballot, was made yesterday by C. C. Tatum, president of the association, in a telegram to Mark C. Cohen, secretary of the California Housing and Building Institute.

In his telegram to Mr. Tatum declared the California Real Estate Association's directors tabled the Housing Act without comment or action after debate.

Cohen declared: "He further declared no authority had been given to declare the association either in favor of or opposed to the act, as such was not the case."

## Small Business Houses Allowed Near Exposition

The City Council yesterday sustained the recommendation of the Public Welfare Committee to permit the establishment of small business houses on a block of property at Western avenue and Exposition Boulevard, but to forbid use of the property as a lumber yard.

Some 100 residents of the district, for the most part women, crowded the Council chamber, and by laughter and hisses showed their disapproval of the lumber yard project. The compromise was reached because the property not suitable for subdivision for residences.

**OVERSEAS CLUB TO DANCE**

The Overseas Football Club will hold its second monthly dance tomorrow evening at the club rooms, 110 South Spring street. Leo Wadsworth's orchestra will furnish the music. John A. Bain, secretary, made the announcement.

**Examiners Check Up Plumbers**

The city plumbing examiners yesterday took steps looking to the arrest and prosecution of all plumbers engaging in their occupation without the required certificates of competency.

# Bullock's We're at Bullock's

## For High School Girls Coats for \$19.50

Smart, serviceable coats in paddock and wool mixtures. Coats which make for chicness, trimness in the high school girl's school wardrobe. Tailored effects with raglan sleeves; others with collars of nutria. Semi-linings in heavier coats; others fully lined. Sizes 12 to 16.

—High School and College Girls' Section.

## Jersey Dresses, \$15.00

And clever ones we are in this most practical and desirable material for general wear.

—High School and College Girls delight in the swagger comfortableness of jersey dresses.

—Jersey in three charming styles; blouse effects; with pleated panels; or prettily trimmed with duvetyn and lacing—in navy and brown—sizes 12 to 17.

—High School and College Girls' Section.

## Rain Coats, \$2.95, \$3.50

Rainy days expected soon—and we want you to be comfortably prepared for going to school. That is why we're eager that you see us this week—you bet we're waterproof.

—Made of rubberized poplin in red, navy and brown—sizes 8 to 14. Coats with hats to match cost from \$5.95 to \$12.50.

—Bullock's Fifth Floor.

## Misses' and Juniors' Hats

A millinery section which specializes in smart and clever hats for older girls as well as for the tiny girls.

—At \$12.50; modish new velvet hats for dress occasions. Turbans which are soft and daintily trimmed, perhaps with applique. Close turbans with French felt crown and soft velvet brim. And many, many other attractive designs—for girls of high school age.

## For Younger Girls

A silk velvet sailor, with wide brim and row and row crown. Trimmed with silk ribbon band and smart bow with streamers. For girls from 5 to 12. Priced \$7.50.

—Bullock's Fifth Floor.

## School Shoes, \$4.00

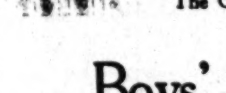

And we are stylish—but more important, we are substantial and comfortable. And you know that is essential in good school shoes.

—A Pony Cut Boot, in three popular leathers, Goodyear welt and rubber heels. Sizes 8½ to 11, \$4; 11½ to 2, \$5; 2½ to 6, \$5.50.

—Sketches at the left: a button model, shown in dull calf, and patent vamp with mott kid upper—a combination last which gives proper support to arch and heel. Sizes 8½ to 11, \$5; 11½ to 2, \$5.85.

—A Dress Model: is shown in a patent lace boot with white kid upper. With light weight extension soles. Sizes 8½ to 11, \$5.50; 11½ to 2, \$6.50. This same model comes in all white subuck at \$6.00 and \$7.00.

The Children's Shoe Store.

## Boys' Union Suits

Boys want warmth with absolute comfort in union suits—garments to allow freedom of movement—and underwear which will withstand hard wear.

—These union suits are that kind. Come with long sleeves and ankle length, or short sleeves and knee length. Made with trouser seat. Priced according to size: 4 to 14 years, \$1.35; 6 to 18, \$1.65.

—Also wool and cotton mixtures in the same styles: \$2.25 and \$2.75.

Bullock's Fifth Floor.

## Footballs

Dandy ones—the sort which boys delight in.

—Rugby Balls (imported)—made of heavy cowhide; have double seams; leather lacing; red gum rubber bladder with re-enforced seams—\$6.00.

—Volley Balls—made of sheepskin; leather lacing and red gum rubber bladder—priced at \$2.00.

—Bullock's Fifth Floor.

## Just Received Sports Sox

The three-quarter style—for children. The sort which every one is wanting now to wear with sports shoes.

—Of silk and wool in fancy ribs or heather mixtures—in all the wanted colors—black with silver; green and silver; cordovan and silver; carnal and silver; cadet and silver; blue and cordovan—sizes 7½ to 9½—\$1.50 pair.

—Bullock's Fifth Floor.

## EVANS SET ON DENTING BRUINS

**Olympic Club Coach Has a Dangerous Eleven**  
Tough Grid Scrimmage is Looked Forward To

## California Better Equipped at End Positions

(EXCLUSIVE DISPATCH)  
SAN FRANCISCO, Oct. 19.—  
"Fighting Bob" Evans, Olympic  
Club coach, will come within ear-  
shot of his life's ambition to become  
a University of California foot-  
ball team, when he sends a team  
comprising, among others, six cap-  
tains of various variety football  
teams against the Bruins next Sat-  
urday.

Evans still recalls a certain game  
in 1919, the first year that Stan-  
ford returned to American foot-  
ball, when a Cardinal eleven played  
a Blue and Gold team to a stand-  
still and, although the score was  
0-0, it was a real contest. The  
ball was on the California yard-  
line. "Fighting Bob" was too

pugilistic for Stanford and in spite of a storm of student-body protest was asked to resign. But that score was evened two weeks ago when the Olympiad swept through the Stanford team and a former Stanford captain scored two touchdowns.

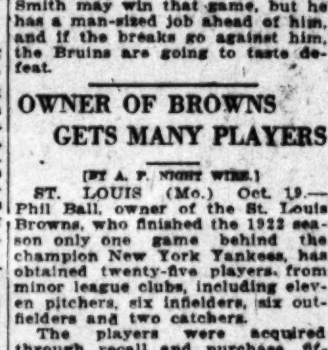

### BEST QUARTER

Next Saturday that same Stanford captain, Jack Patrick, will be playing fullback against his traditional enemy. The greatest quarter in the West, "Rab" Bradshaw, will be directing the Olympic attack, and will unquestionably duplicate his record of the last two years in being the only man to score on the California wonder team.

King of Annapolis, all-American tackle, will find no more opposition

in the present weak California line than he did against Stanford. If Latham and Majors play against their alma mater, Nesbit and Morrison have about the same chance of making '20-yard line plunges, as they will have if Latham and Majors don't play, and the two Stanford stars, "Swede" Righter and "Hero" Blighman, take their places in the line.

certainly not superior and their line is a joke as compared with the veteran club team. Andy

through recall and purchase, more than 100 men were purchased, and ten recalled. While no figures regarding the purchase prices of any of the players have been announced, it is reported that one group of eight cost \$80,000.

**Shoes for Men**

A black and white illustration of a vintage automobile, likely a 1920s model, shown from a side profile. The car has large spoked wheels and a boxy body. A driver and a passenger are visible through the windows. To the left of the car, a signpost stands with a rectangular sign that reads "SLOW DOWN SHARP TURN". The background is simple, with some foliage and a fence line.

## The Car That Banks Each Unbanked Curve

each road we have for you.

This absence of lurch and sideways is but one of many evidences of the care with which Kissel has built for comfort as well as for appearance and performance. All the qualities a motorist asks are here; because the fine hand craftsmanship focussed on every unit is made to serve many ends.

For example, the low centre of gravity that gives the Kissel its superior roadability, also makes possible the long, sweeping lines that bring it instant admiration.

The delicate balance and close fitting that multiply power in the custom-built

By manufacturing every important unit in the Kissel factory, by standardizing every detail of the craftsmanship on every minute part, the thought of the unknown here is a manufacturing step—Kissel is building every desirable quality into every part of this car.

Because of this fact you can just Kissel Custom-Built Six by whatever you will—by first impression; by the country test of performance; by the test that try durability—and you will satisfy by every standard.

We invite you to inspect the cars at our showrooms.

Throng Enjoys the  
Festive Bangtail

on Hand from All  
Over Country

Program Run Off and  
12 Record Broken

(Continued from Page 1)

Oct. 18.—With over 10,000 people overflowing the grandstand and bischochers and the calling for one-half mile around the track, the crowd of the week saw the closing program at the county fair grounds at Bangtail. It was a gala day with people coming from all over California to see the outstanding ponies on their own.

Nationally fast card was run this afternoon, the track being closed to the 2:10 and 2:15 races. The crowd was estimated to be 12,000. A big card was run this afternoon and will feature the three races of three horses and the chariot race, the race of tomorrow's feature a quarter-mile race in which the riders will picture stars from the motion picture world. Miss Edythe will ride one of the stars of today's race were

**Getting  
Cooler Now**

—and cool weather is generally an indication that there's rainy days ahead. Rainy days mean sloppy streets, slippery sidewalks, mud-splashing when you have to stop suddenly or try to get around a corner too rapidly. It's hard to tell you what a cold means — we all know that it generally indicates a rainy bill. Of course, you're careful — you use your chains in wet weather, but is the bug protected against injury from the car that may hit into it? There's often where the danger lies. STEWART AUTOGUARDS really protect a car. Federal claim of both front and rear and be safe.

**Bill**

P. S. Just now we can fit your car out with front and rear AUTOGUARDS in a couple of hours. Later on, when the rush starts, it may take longer.

**SAP AND SALT**  
by Bert Moseley

Cleverness makes the big ranch; the little one.

Imagination is a place you can go to things you are ashamed to say or do.

Nothing is more comforting than telling mankind their own dam business.

Civilization would be more popular if its price was marked down during dull seasons.

When it is dangerous to tell others the truth, you still tell it to yourself.

There is always some one man that even the most dependent woman will take orders from.

**Hez Heck Says:**  
"Some loves and don't marry; some marries and don't love; while the rest is bigamists."

of the  
SWORDSMAN

WHILE the critics still battle over "This Freedom,"  
A. S. M. Hutchinson's earlier book, "If Winter  
Comes" continues a best seller on at least three con-  
tinents. Read his new story, "The Return of the  
Swordsmen"—one of the eight sparkling short stories  
you will find in Hearst's International for November.

**Poincaré Menaces**  
all Europe!

ONLY when all the documents of the Foreign  
Office are open to historians, as are those of  
Poincaré and Berlin, writes Jean Longuet, can we  
have Poincaré's full responsibility for the last war  
—a possible new war. Part of a World Survey in  
eight columns in the November number.

**Her Own Life**

THE moral education of women is a subject we have  
no right to avoid. In his new novel just started  
in Hearst's International, Mr. Robert Herrick has  
found the problem frankly. With firm and elevating  
hand, he takes Lila Vance, a girl without a father  
and practically without a mother, and shows how  
she works out her own life.

**A New Novel**  
by H. G. Wells

A SIMPLE Englishman, driving his little automo-  
bile in the outskirts of London, runs off the road  
into the Seventh Dimension. Vivid with Mr.  
Wells' imagination about the future—no problem  
is too deep for him to settle. Also a fascinating and  
startling adventure in the romance of science.  
—the novel, by the most important thinker alive to-  
day, starts in Hearst's International for November.

**The Other Henry Ford**

NORMAN HAPGOOD reaches the final stage of his  
"Double History of Henry Ford's Jew-Mania"—the  
one of the vast Ford sales agency to distribute a mes-  
sage of intolerance. Next month begins the other side  
of the story. "The Intimate Life of Henry Ford," by  
John L. Benson, starts a compelling biography of the  
great manufacturer's business and personal life.

**ONTARIO JURORS  
ARE VINDICATED**

**Charges of Strike Leader  
Not Proved**

**Convicted Man Sentenced to  
Year in Jail**

**"Blackjack Squad" Roundly  
Scolded**

(EXCLUSIVE DISPATCH)  
ONTARIO, Oct. 18.—Charles E. Harper, Ontario business man and pioneer, and A. J. Koller, former Ontario police officer, were completely vindicated today following an investigation by Judge Curtis in the Superior Court, in which the charges against the Ontarians of jury tampering, as sworn to by Vernon O'Neal, San Bernardino strike leader, and John A. Hadad, lawyer, for John Schaffer, convicted strike leader, faded into thin air. As a result a motion for a new trial for Schaffer was denied. He was sentenced to serve one year in the County Jail and pay a fine of \$500.

In pronouncing sentence Judge Curtis struck a severe blow at strike lawlessness. Bitterly denouncing Schaffer as an outcast of society, Schaffer, long accused by officers as the leader of the "blackjack squad" who clubbed shopmen of the pension age, stood sneeringly as the judge pronounced sentence.

"In this State," said Judge Curtis, "there is a law that any man has a right to work and be protected under the law. But there are many of you who do not agree with that law, but so long as it is a law it is going to be enforced. And neither you nor anyone else can refuse to obey the law."

O'Neal, the strike leader, had accused Koller, called as a witness at the trial of Schaffer, who was found guilty of rioting, but excused from jury duty by Attorney Hadad of having told Mr. Harper during the noon recess of court that the testimony of George A. Stouck, complaining witness, "could not be questioned."

In the eyes before Judge Curtis both men were "completely exonerated" of any intrigue after they had recounted their acts during the noon hour on the day of the trial.

"I have served on juries in San Bernardino county for thirty years," said Mr. Harper today "and this is the first time I have ever been accused of anything like this, or even doubted."

O'Neal, as the first witness called in the contempt proceedings, testified that he had overheard a conversation between Mr. Koller and Mr. Harper during the recess just after Mr. Stouck, Santa Fe employee of pension age, had told how Schaffer had knocked him down with a blackjack and kicked him into insensibility, and that the former had attempted to influence the jury with the declaration that "no one could doubt that kind of evidence." The incident was said to have taken place on the street. Both Harper and Koller denied emphatically that they so much as saw one another after leaving the courtroom.

**STATE SUPREME COURT  
WILL CONVENE MONDAY**

**FIFTY-FIVE CASES TO BE  
HEARD BY CHIEF JUSTICE  
SHAW AND ASSOCIATES**

Chief Justice Shaw, will preside at the forthcoming session of the State Supreme Court, scheduled to open here Monday, the 23rd inst., and to continue through Tuesday, the last day of October. The sessions will be held in the courtroom of the State's highest judiciary, on the twelfth floor of the Pacific Finance Building.

In addition to the Chief Justice, the Associate Justices of the court, all of whom will be present, include William H. Wast, W. A. Stouck, William P. Lawlor, Curtis D. Wilbur, Thomas J. Lennon and Charles A. Shurtliff.

Fifty-five cases are scheduled to come up before the court. Ten of these relate to State matters; there are no criminal cases on the calendar.

**KAHANAMOKU'S  
BROTHER ARRIVES**

**RELATIVE OF FAMOUS SWIM-  
MER HAS CHANGE OF  
ORCHESTRAS**

By a "Times" Staff Correspondent  
LONG BEACH, Oct. 19.—William Kahanamoku, brother of Duke Kahanamoku, famous Hawaiian swimmer, is visiting in Long Beach as the guest of Richard A. Bixby, of 1109 American avenue, clubman and rancher. Duke's brother, who is in charge of the Hawaiian orchestras on all the Mason line steamers plying the Pacific, will remain in Southern California for several weeks, after which he will return to Honolulu, accompanied by Mr. Bixby.

Mrs. Bixby, formerly Miss Helen Perkins of this city, who held a number of swimming championships titles, is at Honolulu and will be joined there by her husband.

**OLDEST WOMAN PUT  
BEHIND PRISON BARS**

**CHARGES MADE BY SCHOOL  
TEACHER AGAINST RESI-  
DENT OF LONG BEACH**

By a "Times" Staff Correspondent  
LONG BEACH, Oct. 19.—The oldest woman ever taken into custody in this city was at the city lock-up today, charged with false pretenses. She is Wealthy A. Beaver, 74 years old, of 826 West Eighth street, arrested by Police-woman Shaw on a felony warrant.

Mrs. Beaver is accused of making false representations in connection with a realty deal and is being held in the sum of \$5000 bail pending the disposition of her case in Judge R. H. Underwood's court. The complainant is Mrs. Bertha Buelow, Compton school teacher, who charges that Mrs. Beaver misrepresented values when she sold the house and furnishings of a local apartment house to the Compton woman last March.

**MYSTERY PLAYS  
AROUND DEATHS**

(Continued from First Page)

gin the search. When the automobile was found deserted on the dawn near Mojave the relief party was joined by Mrs. Aerick and Ben Ford, a local contractor and business friend of the dead contractor. Both parties continued the search until the bodies were found by John and Calven Aerick late yesterday afternoon.

**PROMINENT PERSONALLY**  
Mr. Aerick was one of the best-known contractors and builders in the city. Among the local builders he was known as Dick Aerick and was a member of a pioneer family. At one time he was one of the largest landowners in the city. He was married but had no children.

Mr. Freitag was a carpenter and was also married but had no children. He was a member of the Odd Fellows' Lodge and came to Los Angeles years ago from Nebraska.

The bodies will be returned to this city as soon as the official investigation at the scene of the slaying is finished.

**MILLIONS FOR  
HARBOR PLAN**

(Continued from First Page)

and a tunnel under the west basin are planned, thus leaving two direct avenues open. The specifications for the tunnel are said to present one of the most unique of terminal engineering feats.

A private enterprise is said to be behind the proposal to the Harbor Commission, no mention as yet of Federal aid having been interjected into the discussion.

**SHIPS IN GULF**  
The name of the steamship line used in connection with the rumor is the Intercoastal Steamship Company, a heavily financed concern operating ships out of New Orleans, along the Gulf of Mexico, and to Pacific Coast ports. Whether this company is alone in its plans to develop the west basin is as yet unknown.

For some months, it is understood, the company had engineers investigating the possibilities of Los Angeles as a terminus, both from a topographical standpoint and a financial one. Belief has been expressed that the west basin was ideal as a location for a huge shipping center.

What the terms offered by the Intercoastal people may be has been kept a secret. The attitude of the Harbor Commission also is unknown, but it is believed it will be favorable toward any reasonable plan advanced for the upbuilding of the port.

**THEY ARE WED.  
OR MAYBE NOT**

(Continued from First Page)

bungalow at 251 Ridgewood Place. So inquiries were set afoot.

Mayme Wood Thorne Watling was interrogated. She was reached by telephone at 251 Ridgewood Place.

"Hello, Mrs. Watling."

"Yes," she replied.

"Congratulations," remarked the interrogator.

"What for?" she demanded.

"On your remarriage to Mr. Watling," she was told.

And then she wanted to know how one gets that way.

**"WERE NOT—GOOD-BY"**  
"Why, we're not remarried," she insisted. "And, anyway, Mr. Watling will be back here in half an hour, and maybe you'd better call him and talk to him about it. Good-by."

A half hour or so later the telephone at 251 Ridgewood Place rang again, and Frank B. Watling answered it.

"Are you and Mrs. Watling remarried?" he was asked.

"What're 'y' tryin' to do, kid me?" he replied.

"Are you remarried?" the interrogator persisted.

"What're 'y' tryin' to do—kid me?" he demanded again. Eventually, he became more or less convinced that he was not being kidded.

"We're not married," he announced. "I'm just calling on her."

"Where are you making your home?" he was asked.

"At the Ambassador, and this is Mrs. Watling's home," he remarked. "I'm just calling on her."

"At the Ambassador, where we're darned good friends. But as for being remarried—No. And we're not going to be, either."

And that was all he would say about it.

**BILLY SAYS YES**  
Billy Camp, who became step-father-in-law to Mrs. Watling when he married her mama, some time ago, said last night that he understood that Watling and Mayme Wood Thorne Watling were married again, but that he wasn't sure about it.

So, of course, maybe there's nothing to it after all.

But anyway, they're darned good friends.

Take Mister Watling's word for it.

The clerk at the Ambassador Hotel last night said that Mr. Frank B. Watling is not stopping there any more.

Ho, hum—!

**Riverside Gets  
Offer for Its  
New City Hall**

(EXCLUSIVE DISPATCH)

RIVERSIDE, Oct. 19.—Interest in the proposed construction of a City Hall here were stimulated today by the offer of Rubidoux Building Company to deed to the city without reservation, White Park, at Tenth and Market streets, providing the City Hall will be erected in the park and facing Market street.

It is expected the proposal will be taken up at the next meeting of the city council, which has been considering releasing offices in the Reynolds Block. These rooms have been used by the city for some years for municipal purposes. White Park is centrally located and is one of the beauty spots of the city.

**REPUBLICANS  
STAND UNITED**

**Dissension Absent in State  
Ranks of Party**

**"Get-Together" Staged at  
Athletic Club**

**Sweeping Victory Predicted  
in California**

Republican county chairmen from Southern California were the guests of Judge Robert M. Clarke, vice-chairman of the State Central Committee, at a "get-together" dinner conducted at the Los Angeles Athletic Club last night.

If any party dissension exists, it was not apparent in the speeches made by the various chairmen, all of whom stated that Republicans throughout this part of the State were united in support of the entire party ticket from the gubernatorial and Senatorial nominees to the candidates for the minor offices.

Judge Clarke, in commenting upon the results of the meeting, said: "This dinner has thoroughly convinced me that Republicans in this part of the State as well as in the north are presenting a common front to the enemy in this campaign. Factionalism, which existed in the primary campaign, is now in the discard."

"Without exception the Republican committees of Southern California counties are supporting every Republican nominee from Friend W. Richardson and Liram Johnson to the minor State positions."

"The 'get-together' idea is recognized, not only by the Republican leaders, but by the rank and file of the party, as the dominant move in the campaign at this time. Democratic propaganda to the effect that there is dissension within the Republican party has dissipated itself and the true issues of the campaign are coming to light. These issues in the main are a Republican program of constructive reconstruction and a Democratic program of destruction."

"People of Southern California are today experiencing a greater prosperity than in any other part of the United States. This is in main due to the Republican tariff policy. California today, because of that policy, is the best protected State in the nation."

"In order to divert the attention of the voters from the real issues of the campaign, the Democrats have resorted to various vote-catching methods through which they seek to lead the people. Californians are now experiencing a pocketbook prosperity, and when the election comes they will not jeopardize their governmental welfare by substituting an untried and experimental Democratic theory of national and State government."

"Reports from the county chairmen tonight indicate a tremendous Republican majority in California. Those present were County Chairman Ralph Arnold, Los Angeles; Charles L. McFarland, Riverside; Earl W. Paul, San Bernardino; Secretary A. P. Maira, Inyo; Collector of Customs Goodell and Assemblyman Frank F. Merriam.

**STREET CAR,  
AUTO CRASH  
HURTS FOUR**

**Driver Badly Injured and  
Three Others Suffer from  
Cuts and Bruises**

By a "Times" Staff Correspondent  
LONG BEACH, Oct. 19.—Four persons narrowly escaped death shortly before noon today when a sedan in which they were riding was struck by a Pacific Electric train at State street and American avenue. George Goldstein, said to have been driving the automobile, sustained a possible fracture of the skull in addition to numerous cuts and bruises.

Mrs. Goldstein, who, with her husband, lives in Santa Ana, and Mrs. B. C. Peters, tourists from Illinois, sustained severe cuts and lacerations. The automobile was carried for forty feet by the train and was wrecked. A guy wire against which the machine was forced caused a telephone pole to snap and the latter fell upon the automobile, completing the work of destruction.

The occupants of the car were hurried to Seaside Hospital in the automobile of Ray F. Fulwiler, local contractor, where they were attended by Dr. Thomas L. Rogers.

**Harbor Votes  
to Purchase  
Point Fermin**

Point Fermin Park was yesterday added to the Los Angeles park system when the citizens of the harbor district voted 108 to 102 to purchase at a cost of \$95,000 the seven acres of woodland overlooking the Pacific at Point Fermin. Under the provisions of the proposition, the new site is to be incorporated into the city park system and will hereafter be maintained with the other beauty spots of Los Angeles.

Situated at the top of the 200-foot bluff of Point Fermin, the new park affords one of the finest marine views in the world, overlooking Los Angeles harbor on the north and offering a view of Santa Catalina Island on the east. Steps will be taken immediately to connect the park with the drive extending to the foot of the United States government breakwater a half mile to the north.

## Activities and Plans of Women in Many Spheres.

## SOCIETY

## Honors Daughter-in-Law

Mr. and Mrs. Harold Witherbee (Elizabeth Lytle) who were married on the 9th inst., have just returned to the city from their honeymoon and the bride was the guest at a reception tea given by her new mother-in-law, Mrs. O. O. Witherbee, at the Bryn Mawr yesterday afternoon. A number of maids and matrons assisted in doing honor to the young bride, and a great many friends attended the happy occasion.

## Pretty Wedding

A pretty wedding was solemnized last evening when Dorothy Bee Seidler became the bride of Ralph Lewis Walker. The ceremony was performed by the Rev. Dr. Brougher of Temple Baptist Church, at the residence of Mrs. Mary Hogan Seidler, 1615 North Bonnie Brae, and the room is a firm member of the Walker Transfer and Storage Company.

The bride was charming in a gown of white-headed satin, with a soft veil caught with orange blossoms and carrying a shower bouquet of bridal roses. Mrs. Custer H. Seidler, in coral pink georgette crepe, and carrying pink roses, was maid of honor, and Harold Walker, the groom's brother, was best man.

A dainty little flower girl in the person of Louise Tordora, garbed in soft green organza, scattered flowers in the bridal path. A violin solo furnished a charming musical accompaniment at the hands of Miss Elva Ditty, whose sister assisted at the piano.

Mr. and Mrs. Walker left for a most enjoyable honeymoon trip to Lake Tahoe and are now settled in their home, 4318 Echo street, a charming spot overlooking the Arroyo.

## Honeyymoon Return

Mr. and Mrs. Geoffrey Connell O'Connell have returned from a honeymoon trip to Lake Tahoe and are now settled in their home, 4318 Echo street, a charming spot overlooking the Arroyo.

## For Mrs. Tolliver

Miss Ida Marriott White of the Palma West Adams street, will entertain with a bridge luncheon of four tables in honor of Mrs. Shelby Tolliver on November 2.

Mrs. Tolliver recently returned from abroad and is still enjoying numerous parties to celebrate her home-coming.

## Bridge Luncheon

Mrs. Garrett Lansing Hogan of 447 West Adams street, will entertain with a bridge luncheon on Friday, November 3.

## Social Debuts

Two highly popular and charming young girls will make their formal debut into society next Saturday afternoon.

Miss Margaret and Miss Marion Brackenridge, daughters of Mr. and Mrs. W. A. Brackenridge, of 515 Orange Grove avenue, Pasadena, will be introduced by their society popular mama at a reception to be held from 4 to 6 p.m. at their Pasadena home.

Aged 18 and 19, these two sisters have been reared on the old-fashioned traditions of good manners, the social graces and responsibilities until such time as studies and accomplishments have received a fair modicum of maid-like attention. So that their social debut is a very genuine event, which society will heartily welcome.

## For Chicago Visitor

Mrs. Robert Lee Holmes and Mrs. E. H. Adams were the hostesses at a delightful dinner party given in honor of Mrs. Emma Coleman East of Chicago on Wednesday evening, at the home of Mrs. Holmes, 901 Fourth avenue.

Mrs. East is the government representative for the national parks. She is the house guest of Mrs. Fred Hickok for ten days, on her way to Colorado.

Guests invited to meet here were Misses Spenser-Kelley, Rose C. Bryant, Frederick Poor, Park Fran, Fred Hickok, J. J. O'Connell, Mitchell, R. L. Blase, M. E. Chase and the Misses Victoria Reynolds, Lola Holton and Ted Eason.

The Holmes residence was charmingly decorated for the occasion, and is notable in that it was entirely designed and architecturally planned by Mrs. Holmes, who studied at the Otis Institute for the purpose.

## Home Wedding

Mr. and Mrs. Frederick Phillips, 2420 Budlong avenue, announce the marriage of their daughter, Katherine Loraine Phillips, to Glenn Lee Passmore, son of Mrs. Lena C. Passmore, 1355 West Jefferson street, on Wednesday afternoon.

The wedding ceremony was performed at the Phillips residence by the Rev. W. H. Fishburn of the West Adams Presbyterian Church, the minister being followed by Mr. and Mrs. Lyle Perkins supported the bride and groom as matron of honor and best man. About twenty friends and relatives were present.

Mr. and Mrs. Passmore left for a wedding trip to Riverside and San Diego.

## CONFIRMS APPOINTMENT

The appointment of Thomas A. J. Dockweiler to succeed James E. Hahn, resigned, on the Social Service Commission was confirmed yesterday by the City Council.

## Diet and Health

By Lulu Hunt Peters, M.D.  
Author of "Diet and Health, with Keys to the Calories"

## I, I, I, MYSELF; I THE HISTORY OF ME BY ME

Chapter XXXII  
Last week I told you about the germs—microscopic plants—that could get in milk, and about how much better it is for us babies to have certified milk, if possible, because while it is more expensive, we can be sure that it is free from these harmful germs and that it is clean and unadulterated.

My doctor says that in case you cannot get certified milk, it is very important for you to investigate the dairy you get milk from and see if all of the requirements for clean, healthful milk are fulfilled. I told you about that last week.

Sometimes mammas think that milk from a single cow is better for a baby but most doctors believe that milk from several cows is better, because it is less apt to vary. For instance, if the one cow were discontented, or were to eat something wrong, or just an unhappy time being chased by a dog or something, its milk would change and be indecipherable for babies. So if the dairy is well conducted, usually milk from a herd is thought to be better.

If there is any doubt about whether the milk is clean or not, it should be boiled or pasteurized. Boiling for five minutes kills all of the harmful ones, but it also destroys some of the vitamins which are necessary for us. The vitamins, however, can be supplied by fresh orange or tomato juice.

Pasteurization will destroy the harmful bacteria, too, although occasionally some of the more resistant types are not destroyed. For babies who live on no other food but milk, some physicians believe that pasteurization is better than boiling. The fruit juice should

ters have been reared on the old-fashioned traditions of good manners, the social graces and responsibilities until such time as studies and accomplishments have received a fair modicum of maid-like attention. So that their social debut is a very genuine event, which society will heartily welcome.

About 200 invitations have been issued for the affair.

Convicted Rent  
Row Killer to  
Get New Trial

Mrs. Maybelle Roe, convicted of the murder of McCullough Graden in connection with a Venice rent row more than two years ago, and, since then, an occupant of the County Jail, will draw a new trial as a result of a second action of the State Supreme Court which yesterday, denied a rehearing of her case.

Following her conviction by a jury in the Superior Court, the District Court, on appeal, reversed the decision. The case was carried to the Supreme Court which sustained the judgment of the Appellate Court. The State then appealed for a rehearing by the Supreme Court, with the result above mentioned.

## Fashion Forecast

THE POPULAR TWO MATERIAL DRESS

It has been predicted that two colors will appear in many of the new fall designs. In this gingham and chambray frock you have a splendid opportunity to obtain a fashion that will look good in a serge and silk combination as well. A woman with some knowledge of sewing could finish this dress in about a day and a half and if you decided on the chambray and gingham combination the cost would be about \$1.30, figuring chambray @ 20c per yard and gingham @ 40c per yard.

The pattern No. 1478 cuts in sizes 16 years, 36, 38, 40 and 42 inches bust measure. Size 36 requires 2 1/2 yards 36-inch material with 1 1/4 yards 36-inch contrasting. Price 15c stamps or coin (coin preferred).

Because boiled or pasteurized milk does not sour so quickly as milk which has not been boiled or pasteurized, sometimes mammas think the milk is still good when it is really too old to use. They should know this, that even after boiling and pasteurizing, other germs get in and the milk may be very full of harmful bacteria or it may be decomposed and the babies who get might become decidedly ill.

Talking about how very much trouble has to be taken to see that good milk is obtained for babies and knowing how much trouble it means to modify the milk so that we can digest it, makes me terribly glad that my mama nurses me herself so that I get this good, pure, clean milk made especially for me and me only for all my diet except one feeding. I don't mind that now. Au revoir.

## CLUBWOMEN TO DISCUSS POWER BILL

Personnel of Hospitality Committee Announced by Tax Study League

Invitations to the mass meeting of women voters to discuss the \$500,000,000 Water and Power Act which is to be held Wednesday evening in Trinity Auditorium are being sent to all of the women's clubs of the city, according to an announcement made yesterday by Miss Ruth Sterry. Miss Sterry is secretary of the Women's Bond and Tax Study League, which is organizing the meeting.

Plans for the two weeks of open house to be held by the league at its headquarters in Cleveland Hall, Walker Auditorium, 730 South Grand avenue, after the meeting are going forward, Miss Sterry also announced. Miss Henry Cravell, chairman of the hospitality committee, has appointed chairman for each day as follows: October 26, Mrs. W. O. Bailey; October 27, Mrs. L. C. Hon; October 28, Miss Elizabeth McGee; November 1, Mrs. Grace Moser; November 2, Mrs. Edna Meunier; November 3, Mrs. Mary Ellis De Moss; November 4, Mrs. H. K. Kuhn.

Mrs. Kuhn, who is to be in charge of the day preceding election, has selected the following women to assist her: Mrs. J. E. Brown, Mrs. Van Valkenburg, Mrs. George Kincaid, Mrs. Rose Lyle, Mrs. C. Batchelder.

The mission San Juan Capistrano is situated in the old-fashioned pueblo of the same name, six miles south of Los Angeles on the Santa Fe railroad and the Coast boulevard to San Diego. It is considered by many to be the most picturesque of the old mission ruins.

At 10 a.m. solemn high mass will be sung outdoors in the ruins of the stone church. The sanctuary will be decorated with flowers; a special altar will be prepared, draped with the rare old lace cloths of a former age, and set with the very candlesticks and articles of worship which were used in the days of the mission's prime. The Sisters and the children of the mission will be present to supply the choir music. The services will open with a procession of priests wearing many of the brilliantly colored and richly ornamented vestments, which were brought over from Spain more than a century and a half ago.

The Sisters and the children of the mission will be present to supply the choir music. The services will open with a procession of priests wearing many of the brilliantly colored and richly ornamented vestments, which were brought over from Spain more than a century and a half ago.

The mission San Juan Capistrano is situated in the old-fashioned pueblo of the same name, six miles south of Los Angeles on the Santa Fe railroad and the Coast boulevard to San Diego. It is considered by many to be the most picturesque of the old mission ruins.

At 10 a.m. solemn high mass will be sung outdoors in the ruins of the stone church. The sanctuary will be decorated with flowers; a special altar will be prepared, draped with the rare old lace cloths of a former age, and set with the very candlesticks and articles of worship which were used in the days of the mission's prime. The Sisters and the children of the mission will be present to supply the choir music. The services will open with a procession of priests wearing many of the brilliantly colored and richly ornamented vestments, which were brought over from Spain more than a century and a half ago.

## MISSION IS TO OBSERVE FEAST DAY

Next Monday to See Little Bit of Past at San Juan Capistrano

Although its brown-robed padres and their hands of dusky converts are no more, the old mission of San Juan Capistrano is neither forgetful of its patron saint nor of the part destiny appointed it in the life of modern California. On Monday, the 23rd inst., the mission will celebrate San Juan day, in commemoration of the past, and in appreciation of the work of rehabilitation and restoration.

At 10 a.m. solemn high mass will be sung outdoors in the ruins of the stone church. The sanctuary will be decorated with flowers; a special altar will be prepared, draped with the rare old lace cloths of a former age, and set with the very candlesticks and articles of worship which were used in the days of the mission's prime. The Sisters and the children of the mission will be present to supply the choir music. The services will open with a procession of priests wearing many of the brilliantly colored and richly ornamented vestments, which were brought over from Spain more than a century and a half ago.

**BAN PLACED ON SLICKING HAIR**

Three Societies Formed at Pasadena to Curb Greasing

(By a Times Staff Correspondent.) PASADENA, Oct. 19.—Not content with abolishing peon pants, young masculinity at Pasadena High School has decreed an end to the greased coiffure, that style of hairdressing which has caused many flies to come to an untimely end by sliding off it and breaking their necks.

No less than three organizations have been formed to discourage hair slicking. In each the dues and initiation fee are 1 cent. One is called the "Penny a Muss Club," another the "Muss Tour Hair Club," and the third the "No Hair Slicking Society." On payment of the initiation fee a member is entitled not only to keep his own hair untidy, but to muss anybody else's, and thus initiate new members.

All three societies are enjoying rapid growth.

Further the business men pointed out the serious damage which is being done the development of Los Angeles and the harbor by the failure of the Council to act.

The Santa Fe, the Councilmen were told, is ready to build a line to its main line connecting the rich San Juan basin in Colorado with Los Angeles, but the railroad will do nothing about this project until the harbor franchise is granted so that coal and other shipments can be brought direct to Los Angeles Harbor over Santa Fe tracks. This is only one of many important industrial developments, the Councilmen were told, that is being held up by reason of the Council's delay.

**CHAMBER VIEW GIVEN**

The point of view of the Chamber of Commerce in the Santa Fe matter and its concern over the delay of the City Hall was set forth in a statement issued yesterday by Shannon Crandall, in which he said:

"I am unable to understand why the Public Utilities Committee of the City Council has not made a favorable report on the application of the Santa Fe Railroad for permission to extend their lines to the harbor. The committee has received the favorable endorsement, not only of the Los Angeles Chamber of Commerce, but of practically all other chambers of commerce in the interested territory. It has also received the endorsement of our City Board of Utilities, and of a special committee consisting of city and State railway engineers. All of these committees have gone into the matter carefully and are thoroughly convinced that it is not only necessary, but essential to the proper development of our port that the great Santa Fe transcontinental railway system have access thereto, and all these committees are fully convinced that the harbor access should be over the route as applied for.

**TRAFFIC NOT FEARED**

The objection advanced by the people south of Slauson avenue is without merit, as there is no application for a road on Slauson avenue, the present existing tracks there having been in existence for the past thirty-five years, and all people living south thereof were fully aware of this condition when they located their homes in the harbor. The objection is based on the increase of traffic over this line occasioned by this harbor branch, which will be negligible for the reason that the traffic this new section would develop would be used for the purpose of the harbor, and for no other reason, if nothing else, to the present existing line which are running along to Redondo and El Segundo. Also, the Santa Fe Railroad has agreed, in case traffic increases to a dangerous point, not to operate a separation of goods, which will amply provide for future development of the city.

The harbor branch is necessary to realize the increase in the growth of the harbor's business. Do they realize that the equipment and the tracks of the Santa Fe are necessary for the bringing of this harbor merchandise to the consuming sections of Southern California? Do they furthermore realize that within the past year the harbor business has increased 100 per cent, and that the existing port facilities are inadequate to take care of the business? There are at the present time thousands of tons of merchandise lying on the city's wharves and on vacant lots, obstructing traffic, which cannot be moved on account of lack of rail facilities to properly handle the traffic."

**CHAMBER AROUSED**

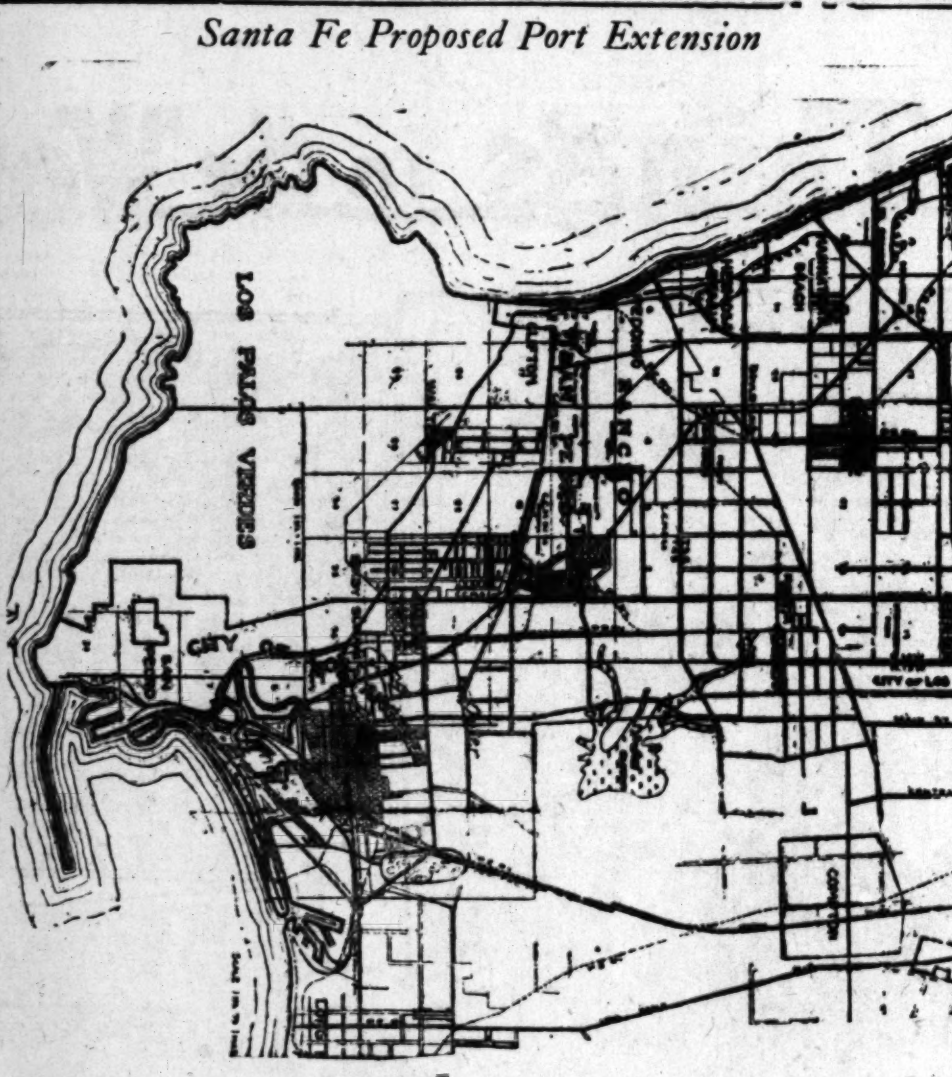

The conference yesterday showed the Council that the Chamber of Commerce, as representing public opinion in Los Angeles, is deeply exercised over the Santa Fe situation and that the chamber intends to keep active in the matter until the franchise is granted, recommended on terms which would be prohibitive to the Santa Fe or any other railroad, or refused outright, so that the Santa Fe could then alter its plans and seek tide-water terminus at Long Beach or some other point in Southern California. It is probable that the chamber will appoint a special committee to work on the Santa Fe matter in an effort to secure immediate action.

The application of the Santa Fe is still in the hands of the Public Utilities Committee of the City Council, where it has been for many months. Councilman Sanborn is chairman of this committee, and Councilmen Conway and Sparks are the other members. On Tuesday, Councilman Mallard demanded at the Council meeting of Councilman Sanborn that he know when the committee would report on the Santa Fe matter.

**ACTION DELAYED**

At first Councilman Sanborn replied "Soon," but upon being pressed by Councilman Mallard for a definite answer, Councilman Sanborn said, "Three days." This time limit is to today, Councilman Sanborn, when asked yesterday if his committee would report, he said, "No. We have had some difficulties. The committee has not met since I resigned the first of this week. We may have a report on Monday."

The fact that the Santa Fe

**How Railroad Would Reach City's Harbor**

The above map, which is a part of the official report filed with the City Council by the joint State and city engineering committee which recommended the granting of the Santa Fe application for a franchise, shows the route of the twelve and one-half miles of extension which the Santa Fe proposes to make, if given authority by the Council. The extension is shown on the heavy line beginning at El Segundo and proceeding through Torrance, to Harbor City, across Bixby Slough to Wilmington. In case the Santa Fe is forced, by the refusal of the City Council to approve of the pending application, to build to Long Beach, the alternative route would be the same as proposed from El Segundo to a point near Harbor City, but thence proceeding easterly and after crossing the Pacific Electric tracks, southerly to the basin and docks at Long Beach, which are shown on the map at slightly to the left of Long Beach.

while desiring to build to Los Angeles Harbor and while still being hopeful of being given permission to do so, is looking over the proposed route to Long Beach caused open concern among the Councilmen yesterday, and at yesterday's conference with the Chamber of Commerce some of the Councilmen complained that the publicity regarding the delay was "unfortunate" as it placed the blame squarely on the Council in case the Santa Fe would be forced, against its desires, to build to some other port.

**FREIGHT CONGESTED**

The attention of the Council was yesterday called by Mr. Crandall to the fact that freight congestion at the harbor, due to the lack of sufficient equipment furnished by the Pacific Electric and the Southern Pacific, which now serve the port, is daily growing worse, and that freight shipments are piled high on docks and on vacant lots because of lack of sufficient cars. What it will be on year hence with the Santa Fe crowded out, and how the congestion would be relieved at that time by the addition of the Santa Fe to the carrier facilities of the port, has been forcibly brought to the attention of the Councilmen by the Chamber of Commerce directors and harbor department officials.

In the matter of the Slauson avenue question, which is the excuse given by the Councilmen for failing to act on the Santa Fe application, it was pointed out yesterday by Councilman Mallard that within the past few days the Council has readily granted to the Pacific Electric a franchise to work a track at Sixth and Alameda streets, where more persons and vehicles will cross the new railroad tracks at grade in one day than cross Slauson avenue in a week. A number of similar spur track franchises in the industrial district have been granted the Southern Pacific and the Pacific Electric companies by the Council during the last year.

**SIX AND HALF-DOZEN**

The survey now being made by the Santa Fe of an alternate route to Long Beach in case the Council refuses to approve the Los Angeles Harbor extension calls for the same route from Redondo through the county, as does the extension now pending, but instead of turning toward Wilmington the line would cross the city's "shoe string strip" and proceed directly to the municipal wharf and basin at Long Beach, an additional distance of but two or three miles over the present pending route and calling for an additional expenditure by the road of not more than \$75,000.

The question was raised at the City Hall when the Long Beach alternative route was discussed. "The Santa Fe would even then be compelled to ask the Council for permission to cross the narrow 'shoe string strip.'" This would again put the Council up against this proposition of whether or not the Santa Fe was to be denied whatever it asked of the city, whether the road's request was a reasonable one or not. Those Santa Fe officials who believe that the Long Beach route offers advantages over the Los Angeles Harbor line felt confident that the Council, for whatever reason may be inspiring them to block the harbor improvement, would hesitate to come into the open and at the risk of being defeated for re-election or re-elected by an outraged public opinion which is solid for development of the entire Greater Los Angeles area, deny a request of this kind if made by the Santa Fe.

(F. and A. Photos.)

"I've shot tigers in India with the Prince of Wales; I've shot rapids in frail boats in Japan; I've shot motion pictures with my own cinema camera, but this is the first time I've ever been shoe-dragging a lawn mower around the landscape," remarked Lord Louis Francis Mountbatten, cousin of King George, yesterday when a photographer snapped him at Douglas Fairbanks's home, where he and his bride were spending their Los Angeles visit.

Charlie Chaplin was Lord Louis's team-mate on the pulling end of the lawn mower, while Lady Mountbatten operated the handles.

After triumphing a few acres of the Fairbanks's lawn, Lord Louis and Lady Edwina and Charlie called it a day.

**CLARA TO FACE HER ACCUSERS**

**Asserted "Hammer Slay" is Ready for Trial**

**Case Will be Called Today; New Evidence**

**Smiling Defendant Confident of Acquittal**

Drawing closer the mesh of facts woven by the State about Mrs. Clara Phillips, who goes on trial today charged with the dastardly murder of Alberta Meadows, further details of the movements of the asserted murderess upon the tragic day have been given by Peggy Caffee, former chorus girl, who says she watched the merciless hammer blows rain down. Mrs. Caffee has been under the protection of the District Attorney's office since she first told her story of the crime.

The names of two men, hitherto unmentioned, have been furnished by Mrs. Caffee. They are expected to aid the State in its case. They are friends of Peggy's husband, and met the two women when they went to Long Beach after failing to encounter Mr. Meadows upon the morning of the day she was killed.

"I'll go to Long Beach with you," Mrs. Phillips is reported to have said to Peggy when they left the parking station. An unsuccessful attempt to obtain a bottle of whisky, also, is said to have featured that period in Long Beach they obtained a place in the story goes. Then they returned to Los Angeles with one of the men, who was driving a automobile in Los Angeles while the battle between Mrs. Phillips and her asserted victim on Montecito Drive was waged.

**DEFENDANT SILENT**

With the Sphinx-like attitude she has maintained still undisturbed, Mrs. Phillips was waiting yesterday in the County Jail for the hour of going to trial. With Miss Ols Weaver, her sister, and Armour L. Phillips, the husband for whose affections she is accused of murder, Mrs. Phillips chatted and talked for several hours.

From her appearance no indication was apparent that she has spent nearly three months in that crowded little jail, cooped up away from the sunlight with an indictment for murder hanging over her.

"In my trust of the fairness of the American public, the courts and jurors," she said, "I have no fear, and believe that I shall be acquitted of the charge. My innocence will be proved at the trial."

**KILLED ON CROSSING BY TRAIN**

**Mexican Struck by San Diego Flyer Near Huntington Park**

Struck by the San Diego Flyer of the Santa Fe Railroad when he stepped from the highway to the railroad track, Vincent Montones was horribly mangled yesterday afternoon near Huntington Park, according to a report made to Sheriff Treasurer by Constable Boshardt of Huntington Park.

Montones, aged about 45, was employed at the Simons brickyard near Gardino. He was going to work yesterday afternoon and had just stepped on the track from the highway where Telegraph Road crosses the railroad when the rushing engine picked him up, carried the crushed body for several hundred feet, and hurled it into the ditch. Apparently he had not heard the train.

Constable Boshardt arrived within a few minutes, succeeded in identifying the body, and took it to the Easterly undertaking parlor at Huntington Park. The coroner was notified and an inquest is to be held Saturday. Relatives located as yet.

**IMPROVEMENT CLUB MEETS**

The quarterly meeting of the Los Feliz Improvement Club will be conducted at 8 p.m. today at the Los Feliz High School, according to an announcement made yesterday by Arthur Webb, president.

**COTTON AND AUTO SHOW TOGETHER**

**Combination Planned for Festival at Calexico in November**

With prospects that the Imperial Valley auto show will be advanced from December to become a feature of the international cotton festival and industrial show to be conducted at Calexico from November 4 to 11, the program for the first annual event of its kind is nearing completion under the direction of William H. Rice, exhibit manager, and W. J. Hartman, chairman of the Calexico Chamber of Commerce's paganant committee.

Twenty-five American girls from the Imperial Valley and several girls from Old Mexico are entered in the race, as queen over the festivities during the eight days of the display.

Thursday, November 9, has been designated Ladies Day, on which the Los Angeles Chamber of Commerce will run a special excursion train to the border cities.

The opening day, November 4, will be known as International Day, in honor of the co-operation of Mexicans and other residents of Lower California.

T. J. West is proceeding with plans to construct a cotton palace out of from 150 to 200 bales of cotton. Besides it will be the reproduction of a field of the staple in growth, with pickers at work and a miniature gin in operation.

**Announcement**

**Storage EGGS are the Pick of the Lay**

That's why they taste just as good as fresh EGGS in the prize EGG recipes. Best of all, they save you 10c to 15c on every dozen.

- Eggs a la Goldenrod**  
Cover toast with a white sauce. Then press through a fine sieve the yolks of hard-boiled eggs, holding the sieve over the white sauce so as to make a neat little pile of yellow egg on the top. Then sprinkle thickly in a ring around the egg some chopped parsley. Slice the whites around the edge of the white sauce. This is a substantial dish and very pretty, having the appearance of goldenrod.
- Mary L. Hootman, Puente, Cal.
- Summer Luncheon**  
Take poached eggs on toast and cover with a cream sauce made with two cups of milk, creamed with one level tablespoon of corn starch, add one cup of grated cheese and flavor with mustard, Worcestershire sauce, paprika and a dash of red pepper.
- M. Boscha, Saticoy, Cal.
- Egg Canapes**  
3 hard boiled eggs.  
2 large tomatoes.  
6 sardines.  
6 olives. (Plain or stuffed.)  
Cut eggs in half lengthwise, and remove yolks. Cream yolks with salad dressing and refill eggs. Peel firm tomatoes and slice thin. Place slice of tomato on each plate, stirring in a cup of hot milk and place a half an egg on each. Put a sardine on each leaf of lettuce, garnish with olive and a bit of parsley.
- Mrs. Helen H. Weekes, San Diego, Cal.

**Southern California EGG Council**

**Genuine BAYER ASPIRIN**

STAR CLUSTER  
ROBERTSON-COLE GATHER IN NEW FACES, NAMES  
By Grace Kingsley  
They're polishing up the handle to the big front door over at the Robertson-Cole studios these days, in anticipation of some lively activities, and P. A. Powers' big mahogany desk is beginning to show signs of wear.  
Marguerite Clayton has come West, and will play the leading fourth Western play called "Canyon of the Fools," which has just been put into production. Included in the cast of the picture are Carmen Araceli, Mignonne, famous cow-girl of the screen, who has been seen in former Carey productions; Fred Shattuck, Murdock MacQuarrie, Vester Pegg, Charles J. Le Moine, Joseph Harris and Jack Curtis.  
"Canyon of the Fools" is adapted from the novel of that name by Richard Matheson, which John Gray wrote the scenarios.  
Warner Baxter, recently seen as leading man in "The Sporting Life to Do," at the Philharmonic, who is remembered both here and in New York for his charming work in "Lombardi, Ltd." and who is soon to be seen in Ethel Clayton's first P. A. O. release, "If I Were Queen," has likewise been characterized in forthcoming all-star productions.  
Baxter has been ill with appendicitis, but is now fully recovered. Carter De Haven, jurist and a tour of the principal cities of the United States, where he was booked in the pleasant role of guest of honor at banquets given by various motion-picture exhibitors, has resumed his diet and thinning exercises, and has begun work again on his series of two-reel comedies with Mrs. De Haven. "False Alarm" is the name of his new picture. Henry Lehrman is to direct.  
Frances Nordstrom Wants Divorce  
Now it's Frances Nordstrom, once leading woman of the Morosco Burbank Company, and lately of vaudeville, who is getting a divorce and naming another California girl as co-respondent. In private life Miss Nordstrom is Mrs. William Finkham. She was married in Sacramento in 1917. Now she is suing for divorce, back in New York, naming Zou Barnet, formerly of Los Angeles, and well known in musical comedy, as co-respondent.  
According to Eastern advice, Miss Nordstrom alleges in her complaint that Finkham lived with Zou Barnet in New York during the last year.  
Monte Blue in "Brass"  
From Warner Brothers' busy little studio comes a new announcement. It is to the effect that Frank Norris' story, "Brass," which they are to produce, will be directed by Sidney Franklin, and that Monte Blue will play the leading role.  
Burt Hawley Has Rented Her Beautiful Hollywood Home, and has put the puppets out to board. She has taken an apartment, where she's going to keep the canary bird any day.  
However, there's a gleam of light in the darkness for Miss Hawley, as, if her work permits, she intends going back to New York herself in time to hang up her stockings beside her husband's at Christmas time and broadcast the details of what she wants from Santa Claus.  
Kenneth Harlan Victim  
Kenneth Harlan is a victim of realism, both accidental and coincidental.  
In "The Beautiful and Damned," the P. Scott Fitzgerald story in which he portrays the leading role opposite Marie Prevost, at the Warner Brothers studio, he smashes a florist's plate-glass window with his fist to "borrow" some violets for his sweetheart. Harlan escaped.

**Bright Star Who Now Shines Here**  
Mabel Ballin.  
Appearing in "Married People," the picture feature at Pantages, who is shortly to appear in the leading role in "Vanity Fair" to be directed by Hugo Ballin, her husband. They arrived in Los Angeles this week to make the production.  
In the reel scene without mishap, not even so much as a scratch. But disaster overtook him that night in a real scene at his apartment. While he was turning the porcelain faucet in the kitchenette it broke in his hands, causing a deep and severe wound. The actor was rushed to the Receiving Hospital, where three stitches were required.  
Next day he showed up at the studio with his hand in a sling which was exactly what the script called for. Suffice it to say that Harlan didn't have to act the part to inject realism into the following scenes.  
**DEXTER GETTING TO BE HIGHBROW**  
Elliott Dexter can now write such impressive titles as F. R. S., Ph.D., Sc.D., L. L. D. and the Hon. D. S. C. after his name, in his large gallery of screen portraits. He is portraying the renowned professor of anthropology in Cecil B. De Mille's latest Paramount production.  
Dexter has enacted ten or more prominent roles in the various De Mille productions of the past—a squaw man, a dilettante, a district attorney, a gentleman bandit, a self-made man, an aristocrat, a doctor who didn't go to war, a tired business man, but nothing as unusual as this woman-hating scientist who would rather play dentist to his beloved dinosaur than make love to a beautiful girl.  
**ADE HUNTING LOCATIONS**  
George Ade not only wrote "Back Home and Broke," which is to be Thomas Melgan's next Paramount picture, but he is touring the State of Connecticut with Alfred Green, the director, to find a town that "drummers would call a small town and farmers who drive in would call a city." The setting of the story is in just such a town, so Ade went along to pass judgment on the spot selected. They haven't got back to New York yet, and the name of the town to be so honored is not known.

**FINE OPENING**  
CONCERT BY TRIO  
BY EDWIN SCHALLERT  
Impetus was given to the advancement of ensemble music here by a program of singular interest, splendidly presented by the Los Angeles Trio, at their first concert of the season last night at Ebell Auditorium. The affair was unusually successful, not only in point of attendance and the spontaneous enthusiasm that was aroused, but also in the exceeding artistry displayed by the members of this exceptional musical group, who rendered three fine examples of chamber music composition.  
The popularizing of ensemble music has always been difficult. The works which are worthy to be presented are put forth by many and varied in texture, but their appeal is to the connoisseur in art rather than to the greater public.  
The Los Angeles Trio, comprising May MacDonald Hope, pianist; Calmon Labovicki, violinist, and Ilya Bronson, cellist, seemingly have achieved the victory of interesting the public greatly in their endeavor. The fact that the audience was well filled and that long and hearty applause, including bravos, followed several of the especially effective renditions, showed the genuine delight which this organization is affording its listeners.  
While each composition presented seemed to have its especially brilliant moments as far as popular approval went, the most significant as regards novelty was the Cesar Franck Trio in F major. An exquisite opus, it was played with consummate skill for its beauty throughout the three movements. Rhythmically, it was colorful, and every effort was put forth by the pianist, violinist and cellist to bring out the glowing beauty of the Franckian tone fabric. In contrast, then in this one respect was the interpretation triumphantly artistic.  
The trio in E flat by Beethoven was as a whole brilliantly given. The first movement achieved the most notable effect on the hearers, partly of course because it represented the season's renewal of the association between the ensemble and its admirers, but also because it was played with an unusual distinction. The Scherzo was also filled with light and life. Less collected was to be noted, however, in the final movement, the presto. Regrettably, yes, but not inconspicuously.  
For concentrated enjoyment, the Sonata in D minor given by Mr. Labovicki and Mrs. Hope, respectively violinist and pianist, surpassed both the other numbers in the evening and quality of its feeling. True richness of tone was a distinguishing characteristic of the playing of both, who in this number fully demonstrated their right to the title artists.  
**BUSINESS INCREASES**  
(EXCLUSIVE DISPATCH)  
NEW YORK, Oct. 18.—The Famous Players-Lasky Corporation had \$2,400,000 cash on September 30, last, and its bank borrowings were only \$2,700,000. While September was the best month in the history of the company in point of earnings, the October results thus far indicate an even larger volume of business. Representatives of the company recently returned from abroad state that the outlook for foreign business is favorable. It is stated that there is little to be feared from German competition.  
**WALLIE REID RECOVERING.**  
Wallie Reid, Lasky star, who has been laid low of late with a severe case of influenza, is fast recovering. He will probably be able to go to work in his next picture within a week or two. In the meantime, Mrs. Reid is proving a faithful nurse in a darkened room, where by a shaded lamp she reads to her husband, or, still further testing her devotion, listens to him improvising tunes on his saxophone.
